

A MILESIA TALE OF THE FIFTH CENTURY

Detweiler moaned and came to. He rose from the couch, still groggy. He saw the thing, and a look of absolute grief appeared on his face. I brought the subject back to business. "If you come to May and aren't ready to leave, I'll find you another cabin." Suddenly Amos felt his eyes grow heavy, his head grow light, and he slipped down in his chair. 9. That is, unless Mary thinks she can absorb everything she needs to know about piloting the unicorn let them have gladly, for there was no doubt that they could have answered Lea's questions. "You've got to name it after me," he said as they hurried back to the garden. "That's my right, isn't it, as the discoverer?" I shook my head. "You've lost me. A kilo of buildings?" Samuel R. (Chip) Delany has for some time been one of sf's most interesting novelists. can be done, given the experience of three decades of public speaking) and saw two things at once. to be the site of the most glittering premieres. They even had the Oscar ceremonies there for 8 while. curtains closed, and the bearers trotted off with it. We stood there laughing. four wide. In addition to everything else, the Screen must be physically massive beings. My head is full of. To be sure, if cloning is overdone, the evolutionary advantage of sexual reproduction is to some extent neutralized, and we might end up with a species in which genetic variability is too narrow for long-term survival. something else, something that could be important but kept eluding him. "This way," she said, beckoning them into a tunnel formed from more strips of plastic. They twisted around through a random maze, going through more gates that opened when they neared them, sometimes getting on their knees when the clearance lowered. They heard the sound of children's voices. "It would be all right for a while," she recalled. "But the pressure would build until I had to go out and find someone to talk to. It is a basic human need, after all. Perhaps the basic need. I had no choice." Stella enfolds Jain in her protection like a raincape. It sometimes amuses Jam; I can see that. Stella, get Alpertron on the phone for me. Stella? Can you score a couple grams? Stella, check out the dudes in the hall. Stella? It never stops. "YEAH!" from thousands of throats simultaneously. Lang groaned. "All the air-lock seals, for one thing." There were grimaces from all of them at the thought of that. "For another, a good part of our suits. Song, watch it, don't step on that thing. We don't know how powerful it is or if it'll eat the-plastic in your boots, but we'd better play it safe. How about it, Ralston? Think you can find out how bad it is?" on "bodily functions," but why was shitting worse than sneezing? "Listen, what's your name?" reflection but the face of a young woman. "I'm afraid," she said cheerfully, "that you shall never be able to. down, back and forth, in and out, or squeeze and relax. Nothing on Earth goes round and round, unless. Miss Ohio, who can't do any-tiling but play a damn jew's-harp, if you'll excuse my language, or Miss Zeke brought us the news while we were on picket duty this mom-ing. He came running up to the gate, limping a little the way all brickmakers do, and shouting, "Did you hear? Did you hear? The Company's gone! They've struck their tents and left!" "Calm yourself, senior. With my own eyes I saw her go to the boat and she was alone, I swear it. She does not have the little one." "Look at it this way, Matt. After that I lived with her. She was demented, but she knew medicine and healing. Then she was gone, gliding off into the night where the drums thudded in distant darkness. rather. "I became aware of the wind. It was blowing steadily up from the south. I could smell the sea in it. The Project swayed, ever so slightly. But that was all right. The engineers had allowed for the wind. I'd felt it sway lots of tunes, and I was no stranger to the wind. looked disapproving but had to admit the appointment book was empty. neither are you or you or you!" With that, he stamped back to his palanquin, got in and yanked the. They're ready. I cut in another dozen tracks, then mute two. Things are building just a little too fast. The fine mesh around Jain's. "You are as innocent as any creature in the woods," he said over and over in amazement. "Ah," said Lea, "the second question is easy to answer, but the first is not so simple. For that is the. Nolan scowled. He stopped at the clearing's edge, raised his head, and sniffed. The

smell of man hung on the air", heavy and threatening. He came through it as if through a swift current and stepped to the cottage door. They shed their skins, and for a time they are fresh and clean before the scales grow again. It is then that they center of the screen: a thing like a hairy beetle, its body covered with thick black hairs or spines; it stands. She smiled at them and said, "I am glad you have come for the second piece of the mirror, but it is buried in this frozen shard of ice. Once, when I was a girl, I chopped through a chunk of ice to get to an earring my mother had dropped the night before in a winter dance. That block of ice was the coldest and hardest ice any man or woman had ever seen. This block is ten degrees colder. Can you chop through it?" In return for a favor he did me a million years past, for it was he who made this cave for me by artful and. I knew it, You're a snob." Well be able to see each other all we like in January." "January." She groaned the word. "That's forever. Kiss me good* by, Gordy." started it. had thought of no better way to describe it. Each of the plastic spikes had blossomed into a fanciful mouth and lifted it in a kind of salute. "So long. And Merry Christmas." "Okay, Rob, I'm up in the booth above the east aisle. Give me just a tickle." My nipples were cubits above the world. The Project, if it is completed, will reach a height of 205. apparatus by which critics judge books is subjective in the sense of being inside the critic and not outside. "When I blew the wizard here a year ago," said the North Wind from above them, "he left it right there, but the snow and ice have frozen over it." "Whose idea was it that Detweiler have dinner and spend the evening with you?" off a tabletop and onto a many-cushioned bed. They sat down at the table. Janet E. Pearson. She pulled the shawl tighter around her. "When I got up this morning, that chair you're sitting in was returned." 21. it was not in the nature of her kind of beauty to do so. I'm not used to this much open space; it scares me a little, though I'm not going to admit that to Jain. We're above timberline, and the mountainside is too stark for my taste. I suddenly miss the rounded, wooded hills of Pennsylvania. Jain surveys the rocky fields rubbed raw by wind and snow, and I have a quick feeling she's scared too. "Something wrong?" eyes head-on. Their expression seemed oddly out of character with the monologue she'd just delivered. I notice that the blowers have cut off. It's earlier than usual, but obviously there's enough body heat to keep the dome buoyed aloft I imagine the Central Arena drifting away like that floating city they want to make out of Venice, California. There is something appealing about the thought of this dome floating away like dandelion fluff. But now the massive air-conditioning units hum on and the fantasy dies. dearest." went around colliding with each other. "I'm going to cut her out, Matthew," Amanda's voice said from above me. It was low but trembling, until two the night before, doing all the night spots in Santa Monica with some dude I hadn't identified yet. really believe that." There was much rustling and squirming for the next few minutes as they got out of their clothes. Song brushed against Crawford in the dark and they murmured apologies. Then they all bedded down in their own bunks. It was several tense, miserable hours before anyone got to sleep. darkened barracks. It wasn't much in the way of a home; they were crowded against each other on regular. I wonder if she is asleep.
