I'd like to kill myself. No, that. "Well," said Jack, "after I could not find my way home, I decided I should try and find the pieces. So. The front cover said in tasteful powder-blue letters on a background of dusky cream: MADELINE is shut?" "So they are," said Amos. "What do you make of that?" "In a mirror," said the grey man. "In three mirrors, or rather, one mirror broken in three pieces." On your screen you will be given a display of your current sector of the galaxy and the stars in that sector. You may fire off laser probes to determine the location of Zorph warships. You have a number of weapons at your disposal including quantum rays, antimatter missiles and, for desperate situations, doomsday torpedoes. Your ship is protected by shields against any attack, but you must be careful to maintain your energy supply. Any Zorphs in your sector will attack you and each attack will use up some of your reserve energy. If your energy is depleted, your shields fail and the next Zorph attack destroys you. You can replenish your energy reserve by returning to a friendly base. You can hop sectors using hyperspace, al-. Compared to the chill of the air, the water felt boiling hot.
