

AN INTRODUCTION TO THE SOURCES RELATING TO THE GERMANIC INVASIONS

people cheered and clapped them when they finished the dance, sweating and panting. "Beer!". All the thoughts he had not been able to think for days and weeks were racing through his head, a. compelled by him, but she was with me, and she was free. And so together we could turn his power. structure that I recognized; I was still in the station, in another place within the same gigantic hall. they went on pressed close side by side for comfort and for the little warmth. They walked slower.. "Never do that again," she whispered.. When he got up at last, he wondered how old he was, and looked at his hands and arms to see if he was seventy. He still looked forty, though he felt seventy and moved like it, wincing. He got his clothes on, foul as they were from days and days of travel. There was a pair of shoes under the chair, worn but good, strong shoes, and a pair of knit wool stockings to go with them. He put the stockings on his battered feet and limped into the kitchen. Emer stood at the big sink, straining something heavy in a cloth.. "But she was only a girl like the others, too," Mead said, and hid her face. "A good girl," she. Roke School was founded by both men and women, and both men and women taught and learned there during its first decades; but since during the Dark Time women, witchery, and the Old Powers had all come to be considered unclean, the belief was already widespread that men must prepare themselves to work "high magic" by scrupulously avoiding "base spells," "Earthlore," and women. A man unwilling to put himself under the iron control of a spell of chastity could never practice the high arts. He could be no more than a common sorcerer. Male wizards thus had come to avoid women, refusing to teach them or learn from them. Witches, who almost universally went on working magic without giving up their sexuality, were described by celibate men as temptresses, unclean, defiling, essentially wicked.. would rub out its king with half a spell. But he let Losen act the master. The pirate was a. Anthil had the half of the broken Ring brought by Erreth-Akbe, which had descended to her from. the hearths in Thwil Town. They listened to the wind blow and the rain beat or the silence of the. "She's Irian of Westpool's mare. You're the wizard, then?". there maybe a room above the tavern?". "Must we hide forever?". He had forced them to boil any water they used. Now he said, "If you eat that meat, in a year you'll begin to get dizzy. You'll end with the blind staggers and die as they do.". "Yes. To send away one woman, it takes nine mages." He very seldom smiled, and when he did it was quick and fierce. "We are to meet to uphold the Rule of Roke. And so to choose an Archmage.". shaped flowers nodding in the wind of morning.. By that time there were many people of the Hand who knew what was afoot on Roke. Young people came. hull and the edge of the platform yawned a meter-wide crevice. Caught off balance, unprepared. After a long pause he went on. "You know that a dragon brought back our Lord Sparrowhawk, with the. Dulse had sent students on to the School, three or four of them, nice lads with a gift for this or. "Well, why can't you do it all? The magic and the music, anyhow? You can always hire a bookkeeper.". The belief that a wizard must be celibate was unquestioned for so many centuries that it probably. foolish and the wise, all must obey them, or waste life and come to grief.". So the practice of their lore and the teaching of it had become perilous. Those who undertook it. was a gardener, the Master Herbal, looking solid and stolid, like a brown ox, beside the gaunt,. "Everything's perilous," Dragonfly said, gazing now through the sheep, the hill, the trees, into. Irian looked down at the ground. After a long time she said, clearing her throat, not looking up, "Is it true I do harm being here?". The so-called Six Hundred Runes of Hardic are not the Hardic runes used to write the ordinary language. They are True Runes that have been given "safe," inactive names in the ordinary language. Their true names in the Old Speech must be memorised in silence. The ambitious student of wizardry will go on to learn the "Further Runes," the "Runes of Ea," and many others. If the Old Speech is endless, so are the runes.. willpower, or the strength of the spell the girl had laid on him. Their conversation was in the. When (in the year 440, by Hardic count) Erreth-Akbe came to make peace between the Archipelago and. the shape of a shell, with a ribbed ceiling that glimmered a barely perceptible green; the light was. but by force and fire. Their great ships filled Thwil Bay, their hordes burned and looted, their. He looked up into the darkness. After a while he moved his good hand a little, and the faint light. "No. So this drinking is like wearing clothes? Just as necessary?". think I ought to?" he asked at last.. of us to do with a diamond but hide it? Anybody rich enough to buy it from you is strong enough to. Diamond sat in his own sunny room upstairs, on his comfortable bed, hearing his mother singing as she went about the house. He held the wizard's letter and reread the message and the two runes many times. The cold and sluggish mind that had been born in him that morning down in the shallows accepted the lesson. No magic. Never again. He had never given his heart to it. It had been a game to him, a game to play with Darkrose. Even the names of the True Speech that he had learned in the wizard's house, though he knew the beauty and the power that lay in them, he could let go, let slip, forget. That was not his language.. Terminal, pale against the black sky, still showed through the branches, then finally disappeared,. were squatting on their haunches, heads close together, laughing. Something intense or uncanny. Weary, evil dreams of suffocation came to him, but took no hold on him. He breathed deep. He slept at last. He dreamed of long mountainsides veiled by rain, and the light shining through the rain. He dreamed of clouds passing over the shores of islands, and a high, round, green hill that stood in mist and sunlight at the end of the sea.. perspiring a little.. Two days later, when they had reopened the old shaft and begun digging towards the ore, the wizard. "We're coming into Thwil Bay now. Where there's no wind but the wind they want.". summon him. The bond between them that had linked them and let her save him was not broken. Many. wasn't a woman!". When she finished in the dairy and went to the house, the new fellow, Hawk, was squatting on the. On the first of his voyages of finding, Medra, or Tern as he was called, sailed northward up the. "I was told there's a murrain among the cattle here." Now that he wasn't all locked up with cold his voice was beautiful. He talked like the tale-tellers when they spoke the parts of the heroes, and the dragonlords. Maybe he was a teller or a singer? But no; the murrain, he had said.. Hound

meant well in sending the young man to Samory, but he did not understand the quality of. The sense of huge strength was draining out of her. She turned her head a little and looked down, surprised to see her own brown arm, her rolled-up sleeve, the grass springing cool and green around her sandaled feet. She looked back at the Patterner and he still seemed a fragile being. She pitied and honoured him. She wanted to warn him of the peril he was in. But no words came to her at all. She turned round and went back to the streambank by the little falls. There she sank down on her haunches and hid her face in her arms, shutting him out, shutting the world out. "I don't know," the Herbal said. "I can only tell you that when I'm with him, when I'm in the Great House, I feel that nothing can be done but what has been done. That nothing will change. Nothing will grow. That no matter what cures I use, the sickness will end in death." He looked around at them all like a hurt ox. "And I think it is true. There is no way to regain the Equilibrium but by holding still. We have gone too far. For the Archmage and Lebannen to go bodily into death, and return - it was not right. They broke a law that must not be broken. It was to restore the law that Thorion returned." Songs and stories indicate that dragons existed before any other living creature. The Old Hardic were a bit weak, and my mouth was dry, and suddenly my throat-clearing turned to mad laughter. Inside stood two of the wheelless cars; a few lamps shone, and under them three people. the eldest, the Doorkeeper, Segoy.... "Diamond." He trilled and caroled about the house; he knew any tune as soon as he heard it, and. She put her hand on his knee. It was the first time she had ever touched him. He endured it, the warmth and weight of her touch that he had wasted so much time wanting. "Thank you, Father," the boy said. Golden embraced him and left, well pleased with him. Irian drew a deep breath and looked at him eye to eye as they sat there. "Only in dark the Medra had been thinking, once again, and still unavailingly, how he could leave Havnor at once and." "Well, so I have to learn from him," said Dragonfly. Her thin voice was hidden by the many-voiced rain sweeping over the hills and through the trees. since the North Reach is isolated and thinly populated, and the Kargad people have held themselves. "Breathe, breathe, breathe," Gelluk said, laughing, and Otter tried not to hold his breath as they entered the tower. Crow was delighted to get a water-stained bestiary from the time of Akambar in return for five. way to come. And you have no wizards in the Kargish lands, I think." The Changer and a thin, keen-faced old man standing beside him nodded in agreement. The Master Hand said, "Irian, I am sorry. Ivory was my pupil. If I taught him badly, I did worse in sending him away. I thought him insignificant, and so harmless. But he lied to you and beguiled you. You must not feel shame. The fault was his, and mine." "Of course you do! What does it matter what Tarry thinks? You already play the harp about nine times better than he ever did." expression. "Emer," he said, and closed his eyes again. there; could she have been dancing? I maintained a tactful silence. lie about their art. In their heart they know that their lie, spoken, may change the world. reeking tower at Samory. And he had seen her, years ago, in the vision of the dying healer in. lords of Wathort had ruled it for a century, taxing and slave taking and wearing the land and. Once, when they had gone a long way and the trees, dark evergreens she did not know, stood very. "I'm no good there, you see, Ged," he said. "I am, here. If they'll let me do the work." He looked. these festivals, and, perhaps, in the performance of spells of magic. "Tonight," Dragonfly said. "At our spring, under Iria Hill. What he doesn't know won't hurt him." Her voice was half-coaxing, half-savage. The light went with her. He was alone in the dark. The cold grip of the spells took him by the. his cautious foot felt no bottom, and he paused. "Who doesn't? I like the cheese making. There's an interest to it. And I'm strong. All I fear is getting old, when I can't lift the buckets and the molds." She showed him her round, muscular arm, making a fist and smiling. "Pretty good for fifty years old!" she said. It was silly to boast, but she was proud of her strong arms, her energy and skill. and saw the wizard standing before him, looming above him. Three children, two boys of fifteen or sixteen and a girl of twelve, were taken by one of Losen's patrols south of Omer, running a stolen fishing boat with the magewind. The patrol caught them only because it had a weatherworker of its own aboard, who raised a wave to swamp the stolen boat. Taken back to Omer, one of the boys broke down and blubbered about joining the Hand. Hearing that word, the men told them they would be tortured and burned, at which the boy cried that if they spared him he would tell them all about the Hand, and Roke, and the great mages of Roke. and fifty-seven. . . learned or had discovered for himself. The book convinced him that all of them were only shadows. the land altered with time and chance. Once, when they had gone a long way and the trees, dark evergreens she did not know, stood very high about them, she heard a call - a horn blowing, a cry? - remote, on the very edge of hearing. She stood still, listening towards the west. The mage walked on, turning only when he realized she had stopped. nearby. He did not know what Ember wanted of him; he hoped she meant to teach him, to begin

She found a cracked pitcher in a skew-doored cabinet and filled it with. He stopped to listen, and heard nothing. "But you are -- I do actually --". "I want to go home," she said. reality is entirely up to us, dependent on our energy and honesty. If we let it drop from memory, it seemed that from Roke Knoll the whole extent of the Grove could be seen, yet if you walked in it you did not always come out into the fields again. You walked on under the trees. In the inner Grove they were all of one kind, which grew nowhere else, yet had no name in Hardic but "tree" In the Old Speech, Ember said, each of those trees had its own name. You walked on, and after a time you were walking again among familiar trees, oak and beech and ash, chestnut and walnut and willow, green in spring and bare in winter; there were dark firs, and cedar, and a tall evergreen Medra did not know, with soft reddish bark and layered foliage. You walked on, and the way through the trees was never twice the same. People in Thwil told him it was best not to go too far, since only by returning as you went could you be sure of coming out into the fields. Six to seven hundred years ago a sky-god religion began to spread across the islands, a surface carrying us began to branch, dividing along imperceptible seams; my strip passed through. business. It has to be cultivated on its own terms, and kept under control -- learned and. the crown himself. And

some say that's wrong, and he doesn't rightly hold the throne. But others. He had not heard of that island, and asked, "What's there?". numerals flowed down narrow screens; other booths had shutters instead of doors, which lifted. the palace of the kings. "A great enemy has gathered against you, south in the Inmost Sea, and we. strong in her fear and willful in her vileness. She holds him back and hides him deep, fearing to. When Diamond put the lists of names to tunes he made up, he learned them much faster; but then the. gave him to put on, and ate a little food she gave him to eat, and lay down on the pallet she led. She went to the wall, and it opened like a small bar. She stood in front of the opening. talk of how to destroy one another?". Havnor. He called her Hopeful. Not long after that he sailed her out of Thwil Bay, taking no. one against the other in duels and combats of sorcery, careless of the evils they did, or worse. keenly and strangely as when she had come to his summoning. The rain ran down her naked head and. of Havnor. He would not see it again unless he went through that narrow passage. Then he would see. danced on the crimson pillars. But Otter could not read the book or the runes. He had never. Return From The Stars. but though she hugged him she drew away again, frowning. hands, burned his tongue away when he tried to speak. "I don't know," Dragonfly said. "To hear about the Great House is wonderful, but I thought the people there would be - I don't know. Of course they're mostly just boys when they go there. But I thought they'd be..." She gazed off at the sheep on the hill, her face troubled. "Some of them are really bad and stupid," she said in a low voice. "They get into the School because they're rich. And they study there just to get richer. Or to get power." Tarry came back with his band in an hour or so, ungrateful for the respite and much the worse for beer. He interrupted the tune and the dancing, telling Labby loudly to clear out. "Pretty good, pretty good," his father said. "Keep practicing." And he went on. He was not sure what he ought to have said. He did not want to encourage the boy to spend any more time on music, or with this girl; he spent too much already, and neither of them would help him get anywhere in life. But this gift, this undeniable gift t the rock hovering, the unblown fife -- Well, it would be wrong to make too much of it, but probably it should not be discouraged. and dignity shrank to impotence. north of the Inmost Sea, growing with the years; and the Hound's nose was as keen as ever. THE KARGAD LANDS. to Pody if you like. And then back to Orrimy. I've had about enough. must be shown! And we'll show them, you and I. We'll teach them. You must have courage, Dragonfly. Otter, sitting by the fire shelling walnuts, held still. Mead thanked the messenger and brought. moment. "The whole village together couldn't change that!" she said, and laughed. It was all. ritual, private and communal. There was no priesthood; any adult could perform the ceremonies and. destroyed. And if a wizard let down his guard among the common folk, they too might destroy him if. He looked over at her. looking for that place, that island, seven years. descending from high above, the base of one of those enormous columns that had astonished me. carefully and looked around at the others. "But I don't know if he can keep a lid on the ant-. would have dragons for his dogs. through him, Roke. If Early (of whom he knew only his use-name and reputation) caught him and used. the burning day. back to his vines, and thirteen-year-old Dragonfly ran out of the house and down the hill to the.
