

ARGAE HAEARN YR

MONEY FOR THE DEAD. The decomposing flesh of a beloved wife and an unborn baby transmuted into a fortune was an achievement that put to shame the alchemists' dreams of turning lead to gold..He wanted the most expensive box for Joey; but Joey, a modest and prudent man, would have disapproved. Instead, he selected a handsome but not ornate casket just above the median price..Sitting at the desk, Celestina phoned her parents again. She shook uncontrollably, but her voice was steady..They could not have been more solemn or more respectful if Naomi's corpse--stitched back together, pumped full of embalming fluid, painted with pancake makeup, dressed in white, with her cold hands clasping a Bible to her breast--had been reposing in a casket in this very room, surrounded by flowers and awaiting the arrival of mourners. They were all polite, soft-spoken, sad-eyed, oozing unctuous concern--and so full of feverish calculation that Junior wouldn't have been surprised if they had set off the ceiling-mounted fire sprinklers.. "Nah. Every secret society has a secret handshake. We'll have this instead." Her face was still close to his, and she rubbed noses with him..She put down her fork, glanced around the restaurant once more, and leaned across the table. Blushing brighter, she softly sang the opening lines of "Someone to Watch over Me..". "Would you like a little tea and a piece of crumb cake?" Grace asked as smoothly as if, in *The Big Book of Etiquette for Ministers' Wives*, this were the preferred response to the announcement of a startling career change..Edom and Jacob arrived, dinner was served, and while the food was wonderful, the conversation was better--even though the twins occasionally shared their vast knowledge of train wrecks and deadly volcanic eruptions. Paul didn't contribute much to the talk, because he preferred to bask in it. If he hadn't known any of these people, if he had walked into the room while they were in the middle of dinner, he would have thought they were family, because the warmth and the intimacy--and in the twins' case, the eccentricity--of the conversation were not what he expected of such newly made friends. There was no pretense, no falsity, and no avoidance of any awkward subject, which meant there were sometimes tears, because the death of Reverend White was such a fresh wound in the hearts of those who loved him. But in the healing ways of women that remained mysterious to Paul even as he watched them do..He slid his chair sideways to the secretary and leaned forward with the gun in both hands..This philosophy had worked for him previously, but forgetting the aftermath was more difficult when the aftermath was your own poor, torn, severed toe. Your own poor, torn, severed toe was infinitely more difficult to ignore than a busload of dead nuns..Like all ICU waiting rooms, where Death sits patiently, smiling in anticipation, this lounge was clean but drab, and the utilitarian furnishings didn't pamper, as though bright colors and comfort might annoy the ascetic Reaper and motivate him to cut down more patients than otherwise he would have done..Sweaty, chilled, trembling, weak-kneed, watery-eyed with self-pity, Junior spread a plastic garbage bag on the driver's seat. He got in the Suburban, twisted the key in the ignition, and groaned as the engine vibrations threatened to undo him.. "Me, me," Celestina said. "In fact, fianc?es should come first."..would allow herself to feel the loss, the misery against which she was now armored. Phimie deserved dignity in this final..This graciousness didn't free Paul to speak. Instead, he felt his throat thicken, trapping his voice more tightly still..Taking her silence for assent, Tom continued: "Your father is gone from here, gone forever, but he still lives in other worlds. This isn't a statement of faith alone. If Albert Einstein were still alive and standing here, he'd tell you that it's true. Your father is with you in many places, and so is Phimie. In many places, she didn't die in childbirth. In some worlds, she was never raped, her life never blighted. But there's an irony in that, isn't there? Because in those worlds, Angel doesn't exist--yet Angel is a miracle and a blessing." He looked up from the city to the woman. "So when you're lying in bed tonight, kept awake by grief, don't think just about what you've lost with your father and Phimie. Think about what you have in this world that you've never known in some others--Angel. Whether God's a Catholic, a Baptist, a Jew, a Muslim, or a quantum mechanic, He gives us compensation for our pain, compensation right here in this world, not just in those parallel to it and not just in some afterlife. Always compensation for the pain ... if we recognize it when we see it."..When he got no response, he wedged the toe of his right loafer under the guy's chest and, with some effort, rolled him onto his back..Every distorted shape, every smear of color, every swath of light and shudder of shadows resisted her attempts to relate them to the world she knew, as if shimmering before her were the landscape of a dream..was trying her best to ensure the health of the baby while still remaining slim enough to avoid suspicion..In each savings account, he deposited five hundred dollars in cash. He tucked twenty thousand in crisp new bills into each safe-deposit box..Spacious, the living room was furnished for two purposes: as a parlor in which to receive visiting friends, but also with two beds, because here Paul and Perri slept every night..At the beginning of his third month, instead of at the end of his fifth, he was combining vowels and consonants: "ba-ba-ba, ga-ga-ga, la-la-la, ca-ca-ca."..Unobtrusively, Junior followed the musician across the large front room, but by an indirect arc, using the babbling bourgeoisie for cover.. "Oh, Wally, I am worried. I'm deeply worried. My mama is going to buy herself a first-class ticket to the fiery pit if she doesn't stop this prevaricatin'.".. "July 6, 1944, in Hartford, Connecticut, a fire broke out in the great tent of the Ringling Brothers and Barnum and Bailey Circus at two-forty in the afternoon, while six thousand patrons watched the Wallendas, a world-famous high-wire troupe, ascend to begin their act. By three o'clock, the fire burned out, following the collapse of the flaming tent, leaving one hundred sixty-eight dead. Another five hundred people were badly injured, but one thousand circus animals--including forty lions and forty elephants--were not harmed."..PERRI'S POLIO-WHITTLED body did not test the strength of her pallbearers. The minister prayed for her soul, her friends mourned her loss, and the earth received her..Blue fire flashed across the top of the range and followed drips down the baked-enamel front to the floor. Blue flared to yellow, and the yellow darkened when the blaze found the cadaver..Frowning at him, she said, "You don't mind them around, do you, Joey? They're eccentric, but I love them very

much..Before he taught himself to read books, he also taught himself numbers, and then how to read a clock. The significance of time had a more profound impact on him than Agnes could understand, perhaps because acquiring an awareness of the infinite nature of the universe and the finite nature of each human life-and fully understanding the implications of this knowledge-takes most of us till early adulthood if not later, whereas for Barty, the vast glories of the universe and the comparatively humble nature of human existence were recognized, contemplated, and absorbed in a matter of weeks..He almost laughed at himself, but he recalled the disconcerting laugh that earlier had trilled from him in the men's room, when he'd thought about stuffing Neddy Gnathic into the toilet. Now he pinched his tongue between his teeth almost hard enough to draw blood, hoping to prevent that brittle and mirthless sound from escaping him again..It occurred to her that the knave had come, as foretold by the cards on that night long ago. She had expected the knave to be a man with sharp eyes and a wicked heart, but the curse was cancer and not a man at all..The poor girl's blood pressure soared in spite of the medication. She suffered a violent seizure..He liked her face, too. She wore no makeup, and pulled her brown hair back in a bun. Some might say she was mousy, but the only things mousy that Nolly saw about her were a piquant tilt to her nose and a certain cuteness..He shouldered past two counter waitresses, past the short-order cook who was working eggs and burgers and bacon on the open griddle and grill. Whatever expression wrenched Junior's face, it must have been intimidating, for without protest but with walled alarm, the employees squeezed aside to let him pass..Junior realized he was on the verge of babbling, and with an effort, he silenced himself..Everyone confronted Agnes with expressions of puzzlement and expectation, and she looked from one to another. Paul. Maria. Francesca. Bonita. Grace. Edom. Jacob. Finally Celestina..Unbuttoning her blouse, Celestina said, "Traditionally, puppies don't have a role in weddings." Twilight, nearly gone and purple in the west, inspired a bright violet line along the crest of an incoming bank of bay fog, as though the mist were shot through with a luminous vein of neon, transforming the entire sparkling city into a stylish cabaret just now opening for business. The night, soft as a woman come to dance, carried a steely blade of cold in its black-silk skirts..On Tuesday evening, September 7, after half an hour in the lotus position, thinking about nothing whatsoever but a white pin with two black bands at its neck and the number I painted on its head, Junior went to bed at eleven o'clock and set his alarm for three in the morning, when he intended to shoot himself..He tried to lean back as he dropped, with the hope that he would fall under her, providing cushion if they met with sidewalk instead of lawn..Yes, she did, she had one, but not much of one, and compared to the McIntosh in Google's throat, this was just a bitty crab apple, easy to overlook, not excessive for a woman..Rising from his chair and rolling down his shirt-sleeves, Nolly said, "If you'll be our guest for dinner, I suspect we'll all have a fascinating evenings."..Junior suspected that no one other than this man's mother called him Tom. He was probably "Detective" to some and "Vanadium" to most who knew him..Junior tipped his head back and gazed up toward the section of broken-out railing along the high observation deck..This house was similar to the Kleftons'. Though stucco rather than clapboard, it had gone a long time without fresh paint. A crack in one of the front windows had been sealed with strapping tape..He placed a phone call to Kaitlin Hackachak, his trollish and avaricious sister-in-law, asking her to dispose of Naomi's things, their furniture, and whatever of his own possessions he chose to leave behind. Although she had been awarded a quarter of a million dollars in the family settlement with the state and county, Kaitlin would be at the house by dawn's first light if she thought she might make ten bucks from liquidating its contents..Barty grinned mischievously. "One of the places we visited today. Some big kids. They saw this scary movie, said they had to wash their shorts after."..She only half understood their frantic conversation, partly because the ability to concentrate was draining from her along with her lifeblood, but also because she was distracted by Joey. He was no longer in the wreck, but standing at the open rear door of the ambulance..Frequently, people told Agnes that she should find an agent for Barty, as he was wonderfully photogenic; modeling and acting careers, they assured her, were his for the asking. Though her son was indeed a fine-looking lad, Agnes knew he wasn't as exceptionally handsome as many perceived him to be. Rather than his looks, what made Barty so appealing, what made him seem extraordinarily good-looking, were other qualities: an unusual gracefulness for a child, such a physical easiness in every movement and posture that it seemed as though some curious personal relationship with time had allowed him twenty years to become a three-year-old; an unfailingly affable temperament and quick smile that possessed his entire face, including his mesmerizing green blue eyes. Perhaps most affecting of all, his remarkable good health was expressed in the lustrous sheen of his thick hair, in the golden-pink glow of his summer-touched skin, in every physical aspect of him, until there were times when he seemed radiant..During the past week, Junior had undertaken quiet background research on the prestidigitator with a badge. The cop was unmarried. He lived alone, so this bold visit entailed no risk.. "Now this. But even if your dad had cooperated with me, nothing would have changed. Since Phimie never revealed his name, I wouldn't have been able to go after Cain any differently or more effectively."..To be useful, anger must be channeled, as Zedd explains with unusually poetic prose in *The Beauty of Rage: Channel Your Anger and Be a Winner* Junior's current predicament would only get worse if he had to telephone Roto-Rooter to extract a musician from the plumbing..He met her eyes, but at once shifted his gaze to the porch floor again. "I've come to say ... how sorry I am, how miserably sorry."..Using the brochure as an ice-breaker, Junior circulated through the throng, seeking anyone who'd attended the..Barty had awakened able to read. On the page, lines of type no longer twisted under his gaze..He smiled ruefully. "Might be ready for a wedding by then, but not a honeymoon."..Sometimes, while shaving or combing his hair, as he was looking in the bathroom or foyer mirror, Junior thought that he glimpsed a presence, dark and vaporous, less substantial than smoke, standing or moving behind him. At other times, this entity seemed to be within the mirror. He couldn't focus on it, study it, because the moment he became aware of the presence, it was gone..In adversity lies great opportunity, as Caesar Zedd teaches, and always, of course, there is a bright side even

when you aren't able immediately to see it. The friendship, the work, and not least of all the sense of home and belonging that everyone felt within minutes of crossing Agnes's threshold—these things appealed to Celestina and Grace. But they didn't want Paul to feel that his hospitality was unappreciated. This was the same woman who had been stripping the second bed when Celestina arrived earlier. Now she was here to remake the first. "What's this?" the man asked her, as Sinatra swooped through "Come Fly with Me." A pianist or saxophonist could go a long way on his talent and self instruction, but a would-be stage magician eventually needed a mentor to reveal the most closely guarded secrets of illusion and to help him master the skills of deception needed for the highest-level prestidigitation. In a craft practiced almost exclusively by white men, a young man. He pointed at his feet. "Toes, toes, toes, toes, toes, toes, toes, toes, toes, toes." With the great tree ninety degrees to his left, he was able to locate the back-porch steps at forty-five degrees. He pointed with the cane, which otherwise he had not used. "The porch?" She fussed over him, took his temperature, and spooned two chips of ice into his parched mouth. Leaving, she gave Celestina a meaningful look and tapped her wristwatch. The container—eye-level at the top, battered, rust-streaked, beaded with condensation—was larger than some in the alleyway, with a bifurcated lid. Both halves of the lid were already raised. Third, Celestina had a daughter. Not a boy named Bartholomew. Seraphim's baby had been a girl. Named Angel. This confused Junior as much as it stunned him. Just as the smile curved to completion, however, an awful thing happened. The humiliation began with a loud gurgle in his gut. Rescuers appeared with hydraulic pry bars and metal cutting saws. Civilians were shepherded back to the sidewalks. Before he searched the bedroom, Vanadium walked quickly back through the rooms that he had already inspected, suddenly remembering the three bizarre paintings of which Nolly, Kathleen, and Sparky had spoken, and wondering how he could have overlooked them. They were not here. He was able to locate, however, the places on the walls where the art works had hung, because the nails still bristled from the pocket plaster, and picture hooks dangled from the nails. A time, from the carafe on the nightstand. She spooned the ice into Junior's mouth not with the businesslike. "He's here as sure as I am, Barty. He's very busy, with a whole universe to run, so many people to look after, not just here but on other planets, like you've been reading about." Joey was not illuminated by the light of this world. Agnes realized that he was translucent, his skin like fine milk glass through which shone a light from elsewhere. Now, after removing the four decks of cards from the pressboard packs in which they had come, Jacob lined them up side by side on the scarred maple top of the table. "There is no king in Earthsea," the young man said, stern and righteous, "In my master's service, then," Hound amended, patient. With his mother, his uncles, and Maria hovering just two steps behind, Barty followed the driveway, not bothering with the cane, keeping his right foot on the concrete, his left foot on the grass, until he came to a jog in the pavement, which apparently he'd been seeking. He stopped, facing due north, considered for a moment, and then pointed due west: "The oak tree's over there." He hadn't paid close attention to those patrons seated at the bar behind him. Now, he turned in his chair to study them. He was about to go in search of the canapes when he half heard one of the guests mention Bartholomew to the reverend's daughter. Only the name rang on his ear, not the words that surrounded it. "Cancer," he said, because that was more tragic and far less suspicious than a fall from a fire tower. On the morning of November third, Barty asked Maria to inquire of Agnes what she would like to have read to her. "Then when she answers you, just turn and leave the room. I'll take it from there." Throughout the evening, Barty and Angel—sitting side by side and across the table from Paul—listened to the adults at times and occasionally joined in the larger conversation, but primarily they talked between themselves. When the kids' heads weren't together conspiratorially, Paul could hear their chatter, and depending on what else was being discussed around the table, he sometimes tuned in to it. He picked up on the word rhinoceros, tuned in, tuned out, but a couple minutes later, he dialed back in when he realized that Celestina, sitting two places farther along the table from him, had risen from her chair and was staring in amazement at the kids. He felt some guilt at this—but only a little. His sister had done much for him; but jobless, ruled by his obsessions, hobbled by too much of his father's dour nature, there wasn't a lot that he could do for her. Just this benign deceit with the cards. Backing off, trying to feel his way to the foyer and front door, afraid that if he stumbled over a chair, she'd descend upon him like a screaming hawk upon a mouse, Junior denied her accusation. "You're crazy. How could I know? Look at you! How could I possibly know?" The little hands, so weak now but someday strong: Would they eventually be capable of savagery, as were the father's hands? Misbegotten offspring. This seed of a demonic man whom Phimie herself had called sick and evil. However innocent-looking now, what pain might she eventually in— on others? What outrages might she commit in years to come? Although Celestina searched intently, she could not glimpse the father's evil in the child. Wally had disposed of his properties in San Francisco under Tom's careful supervision. Any attempt to trace him from the city to Bright Beach would fail. His vehicles were purchased through a corporation, and his new house had been bought through a trust named after his late wife. For Junior, 1968—the Chinese Year of the Monkey—would be the Year of the Plastic Surgeon. He would require extensive dermabrasion to restore the smoothness and tone to his skin, to be as irresistibly kissable as he had been before. While at it, he would need surgery to make subtle changes in his features. Tricky. He didn't want to trade perfection for anonymity. He must take care to ensure that his postsurgery look, when he let his hair grow in and perhaps dyed it, would be as devastating to women as his previous appearance. WALLY HAD NOT gone home with Death, but they had definitely been at the dance together. Tom between curiosity and emotional exhaustion, Celestina held his gaze, thinking, and finally she said, "Deal." Grace and Celestina fell at once into the rhythms of kitchen work, not only brewing the coffee, but also helping Agnes with the pies. As kids—living in a house that was run like a prison, stifled by the oppressive rule of a morose father who believed that any form of entertainment was an offense against God—they conducted secret card games as their primary act of rebellion. A deck of cards was small enough to hide quickly and to keep hidden successfully even during one of their father's

painstakingly thorough room searches..To Edom, humanity was obviously not the greater of these two destructive forces. Men and women were part of nature, not above it, and their evil was, therefore, just one more example of nature's malignant intent. They had stopped debating this issue years ago, however, neither man conceding any credibility to the other's dogma..Agnes had struggled recently to find a way to explain to Barty that his uncles had lost their hope, to convey also what it meant to live without hope-and somehow to tell the boy all this without burdening him, at such a young age, with the details of what his monstrous grandfather, Agnes's father, had done to her and to her brothers. The task was beyond her abilities. The fact that Barty was a prodigy six times over didn't make his mother's work easier, because in order to understand her, he would require experience and emotional maturity, not just intellect..She didn't hear gunfire this time, either, but the hard crack of splintering wood attested to the passage of at least two more bullets..Junior didn't know much about guns. He didn't approve of them; he had never owned one..Junior was paying his dinner check and calculating the tip when the pianist launched into "Someone to Watch over Me." Although he'd expected it all evening, he twitched when he recognized the tune.. "No," Agnes said, shaking loose the grip of irrational fear. "Wait. This is absurd. It's just a card. And we're all curious."..Victoria lived on the northeast edge of Spruce Hills, where streets petered into country lanes. Here the houses tended to be more rustic, built on larger and less formally landscaped lots than those closer to the center of town, and set back farther from the street..From the floor, Junior snatched up the bottle of wine that had twice failed to shatter. His lucky Merlot..Initially, when told that his patient was a Negro, Junior had been reluctant to serve as her physical therapist. Her program of rehab required mostly structured exercise to restore flexibility and to gain strength in the affected limb, but some massage would be involved, as well, which made him uncomfortable..He desperately needed closure in the matter of Naomi's death. That was what these past three years and these supernatural events were all about..The sign promised topless dancers. Although Junior had been in San Francisco for over a week, he had not yet sampled this avant-garde art form..In retrospect, coming here wasn't a wise move. Evidently, the detective had been following him. Now, Vanadium would puzzle out a motive for this late-night graveyard tour..Among themselves, the authorities spoke more often than not in murmurs. Or perhaps Junior was too distracted to hear them clearly.
