"Memory, memory," Hemlock said. "Talent's no good without memory!" He was not harsh, but he was unyielding. Diamond had no idea what opinion Hemlock had of him, and guessed it to be pretty low. The wizard sometimes had him come with him to his work, mostly laying spells of safety on ships and houses, purifying wells, and sitting on the councils of the city, seldom speaking but always listening. Another wizard, not Roke-trained but with the healer's gift, looked after the sick and dying of South Port. Hemlock was glad to let him do so. His own pleasure was in studying and, as far as Diamond could see, doing no magic at all. "Keep the Equilibrium, it's all in that," Hemlock said, and, "Knowledge, order, and control." Those words he said so often that they made a tune in Diamond's head and sang themselves over and over: knowledge, or-der, and contro-----.....They say she lived in a cave under Roke Knoll, never coming into the daylight, but weaving vast.Was this still architecture, or mountain-building? They must have understood that in.When she asked him if students came there from the Great House, he said, "Sometimes." Another time he said, "My words are nothing. Hear the leaves." That was all he said that could be called teaching. As she walked, she listened to the leaves when the wind rustled them or stormed in the crowns of the trees; she watched the shadows play, and thought about the roots of the trees down in the darkness of the earth. She was utterly content to be there. Yet always, without discontent or urgency, she felt that she was waiting. And that silent expectancy was deepest and clearest when she came out of the shelter of the woods and saw the open sky..Then from the foam bright Ea broke.."I don't know.
