The toastmaster completed his introduction and stepped aside to allow the stocky, white-haired figure in black tie and dinner jacket to move to the podium. Enthusiastic applause arose from the three hundred guests gathered in the Hilton complex on the western outskirts of Washington, D.C. The lights around the room dimmed, fading the audience into white shirtfronts, glittering throats and fingers, and mask like faces. A pair of spotlights picked out the speaker as he waited for the applause to subside. In the shadows next to him, the toastmaster returned to his chair.. Barry had been prepared (he'd thought) for a lesser degree of stateliness and bon ton than that achieved by Partyland, but even so the dismal actuality of Intensity Five went beyond anything he could have imagined. A cavernous one-room basement apartment with bare walls, crackly linoleum over a concrete floor, and radiators that hissed and gurgled ominously without generating a great deal of heat. The furniture consisted of metal folding chairs, most of them folded and stacked, a refreshment stand that sold orange juice and coffee, and a great many freestanding, brimful metal ashtrays. Having already forked out twenty-five dollars upstairs as his membership fee, "One, we have food for twenty people for three months. That comes to about a year for the five of us. With rationing, maybe a year and a half. That's assuming all the supply capsules reach us all right. In addition, the Edgar is going to clean the pantry to the bone and give us everything they can possibly spare and send it to us in the three spare capsules. That might come to two years or even three..his device was sharp and bright. When he varied the inputs to the components in a certain way, the bright image vanished and was replaced by shadows, like the ghost of another image. He had monitored every television channel, had shielded the device against radio frequencies, and the ghosts remained. Increasing the illumination did not make them clearer. They were vaguely rectilinear shapes without any coherent pattern. Occasionally a moving blur traveled slowly across them..We shall dine on berry wine. And ...Briefly, to answer other statements in the letters: I apologize for implying that Tolkien's hobbits and Ents (or his other bucolic-comic creations) are as empty-sublime as the Big People's heroics. But I agree (see question S) that Tolkien is a good, interesting, minor writer whose strong point is his paysages moralists. Ditto C S. Lewis, in his Naraya books. As for other writers mentioned, only strong, selective blindness could miss the Vancian cynicism or the massive Dunsanian irony (sometimes spilling over into despair) which make their heroism far from simple or unquestioned-by-the-authors-them-selves. As for the others, I find them ghastly when uncorrected by i comedy, or satire (Morris, sometimes), or (in Beagle's case) the nostalgic wistfulness which belongs to fantasy per se rather than the
