They keep complex accounts and records in weavings of different colors and weights of yarn, and are expert mathematicians, using base twelve; but only since the Godkings came to power have they employed any kind of symbolic writing, and that sparingly. Bureaucrats and tradesmen of the Empire adapted the Hardic runes to Kargish, with some simplifications and additions, for purposes of business and diplomacy. But Kargish priests never learn writing; and many Kargs still write every Hardic rune with a light stroke through it, to cancel out the sorcery that lurks in it..the world, there are still women of the Hand. After that.Among the Hardic-speaking people of the Archipelago, the ability to do magic is an inborn talent, like the gift for music, though far rarer. Most people lack it entirely. In a few people, perhaps one in a hundred, it is a latent, cultivable talent. In a very few people it is manifest without training..now like a dead man. A note sung, however well sung, wrecks the tune it isn't part of. Women teach women. Witches learn their craft from other witches and from sorcerers, not from wizards. What we teach here is in a language not for women's tongues. The young heart rebels against such laws, calling them unjust, arbitrary. But they are true laws, founded not on what we want, but on what is. The just and the unjust, the foolish and the wise, all must obey them, or waste life and come to grief.".parking lot. path and breed modesty, sometimes, even in unlikely places. "If you were to go to Roke, I'd send a letter. Then they were all gone, and he stood alone on the hill, shaken and wondering. "I have seen the queens and kings of Earthsea," he thought, "and they are only the grass that grows on this hill." "Until the wind changes, eh?" said the Patterner..you drunken, crawling traitor! You foul, shameless lecher!" "Your turn to talk," she said, looking at me over her cup..Roke School was founded by both men and women, and both men and women taught and learned there during its first decades; but since during the Dark Time women, witchery, and the Old Powers had all come to be considered unclean, the belief was already widespread that men must prepare themselves to work "high magic" by scrupulously avoiding "base spells," "Earthlore," and women. A man unwilling to put himself under the iron control of a spell of chastity could never practice the high arts. He could be no more than a common sorcerer. Male wizards thus had come to avoid women, refusing to teach them or learn from them. Witches, who almost universally went on working magic without giving up their sexuality, were described by celibate men as temptresses, unclean, defiling, essentially wicked..Irian was studying the Namer covertly but equally attentively, trying to see if she could tell if."So, to be blunt about it, if you have this gift, Diamond, it's of no use, directly, to our business. It has to be cultivated on its own terms, and kept under control -- learned and mastered. Only then, he said, can your teachers begin to tell you what to do with it, what good it will do you. Or others," he added conscientiously..The Hardic language of the Archipelago, the Osskili tongue of Osskil, and the Kargish tongue, are followed the goat-tracks, growling when his foot slipped in the mud and he wrenched his ankle to..must go she would go. The priests of the Twin Gods were in the process of wresting power from the kings and making Awabath not only the religious but the political center of the country. Erreth-Akbe's visit seems to have coincided with the final shift of power from the kings to the priests. King Thoreg received him with honor, but Intathin the High Priest fought with him, defeated or deceived him, and for a time imprisoned him. The Ring that was to bond the two kingdoms was broken..She looked at him in the starlight, and said, "Tell me your name - not your true name - only what." A few human beings with a powerful gift of magic, or through the ancient kinship of humans and dragons, know some words of the Old Speech innately. And "a woman on Gont", whoever she may be, has no place among the men on Roke. Eh? The Windkey, the Chanter, the Changer, the Hand, say he is right.
