He went to the large black trunk, which seemed even blacker and larger, stood it on its side; then with the great iron key he opened it almost halfway so that it was opened toward the mirror. But from where Amos and Jack were, they could not see into it at all. "You take us in to talk to the Sreen," the captain tells them, "you take us in right now, do you hear me?" His voice is like a sword coming out of its scabbard, an angry, menacing, deadly metal-on-metal rasp. But that night, as the rain poured over the deck, and the drum-drum-drumming of heavy drops lulled everyone on the ship to sleep, Amos hurried over the slippery boards under the dripping eaves of the wheelhouse to the second hatchway, and went down. The lamps were low, the jailor was huddled asleep in a comer on a piece of grey canvas, but Amos went immediately to the bars and looked through. Half an hour later the curtains over the barred open window moved. I had squatted down in the closet and wasn't looking in that direction, but the movement caught my eye.
