

N AUTHORIZED ACCOUNT OF THE TRIAL AND SENTENCE OF JOHN MACLEAN MA

On December 12, 1968, I gave a talk to a meeting of doctors and lawyers in San Jose, California.* Naturally, I was asked to speak on some subject that would interest both groups. I spoke on genetic engineering instead, therefore, and, toward the end, discussed the matter of cloning..They triggered them to be activated only when they encountered certain different conditions. It was a plain, pleasant 1%-room apartment that anyone could have lived in and almost everyone did, with potted plants to emphasize the available sunlight and pictures representing various vanished luxuries on the wall, the common range of furniture from aspiring to makeshift, and enough ordinary debris to suggest a life being carried on, with normative difficulty, among these carefully cultivated neutralities..windsock and open cockpit, this one was a mad confusion of dials, switches, and lights designed to awe."At work.
