The shadows were darker here and everything was still..She was nothing if not honest. In the succeeding mornings, if I ran too slowly, she simply left me behind. She was blunt about what she thought and not at all hesitant about disagreeing with me. Still, there was no verbal swordplay and no pretense about her, which was as attractive in its way as Amanda's charming acquiescence. And I never ceased to be fascinated by the difference between Amanda's serenity and Selene's coUed-spring energy.."I do," he protested. But, clearly, he had just failed a major test With a sigh of weariness and a.Barry turned the book over in his hands, examining the cover and the photo alternately, but would no more have thought of looking inside than of lifting Madeline's skirts to peek at her underclothes. He was with the rest of the crew, sitting in the dome with his helmet off. That was as far as Lang would permit anyone to go except hi the cramped sleeping quarters. Song Sue Lee was at the radio giving her report to the Edgar Rice Burroughs. In her hand was one of the pump modules she had dissected out of one of the plants. It consisted of a half-meter set of eight blades that turned freely on.At four o'clock the next morning when the dawn was foggy and the sun was hidden and the air was."Who are you?" But he moved quietly as a beast in the dark. He left."I'm fine, and how is yourself, and what are you doing down here?"..Fallows sat back in his chair and cast a routine eye around the monitor room. Everything seemed to be running smoothly at the crew stations beyond the glass partition behind his console, and the other displays confirmed that all else was as it should be. The reserve tank to Number 2 vernier motor had been recharged after a slight course-correction earlier and was checking out at "Ready" again. All the fuel, coolant, primary and standby power, hydraulic, pneumatic, gas, oil, life-support, and

instrumentation subsystems servicing the Drive Section were performing well within limits. Way back near the tail, the banks of gigantic fusion reactors were gobbling up the 35 million tons of hydrogen that had been magnetically ram scooped out of space throughout the twenty-year voyage and converting over two tons of its mass into energy every second to produce the awesome, 1.5-mile-diameter blast of radiation and reaction products that would have to burn for six months to slow the 140-million-ton mass of the Mayflower II down from its free-cruise velocity..legs from cramping.
