Listen. Don't fret. I haven't hunted you all these years to give you to Early. The way I gave you to Gelluk. I was sorry for that. I thought about it. What I said to you about men of a craft sticking together. And who we work for. Couldn't see that I had much choice about that. But having done you a disfavor, I thought if I came across you again I'd do you a favor, if I could. As one finder to the other, see?"."Where'll you go?" she said..."How long does brit work?" I wish I could read what the shadows write. But all I can hear the leaves say is change, change... Everything will change but them." He looked up into the trees again with that yearning look. The same thing again: they belonged to the Hand, and the Hand was a league of powerful sorcerers on Morred's Isle, or on Roke; and the man Otter or Tern came from there, though originally from Havnor; and they held him in great respect, although he was only a

finder. The sister had vanished, perhaps gone with Otter to Endlane, where the mother lived. Early rummaged in their cloudy, witless minds, had the youngest of them tortured, and then burned them where Losen could sit at his window and watch. The King needed some diversions.. "He knows a curer, maybe." It was true. He knew her name: Irian. It was like a coal of fire, a burning ember in his mind. His thought could not hold it. His knowledge could not use it. His tongue could not say it.. It was milk after all. At this time of day, in such circumstances! My surprise was such that. Speech, which he must not speak. But she only shrugged, with a frowning smile.. They walked past the roaster tower, past the old shaft and the new one, on into the long valley where Otter had taken Licky the first day he was there. To their left a little stream ran low among willow thickets. Mild sunlight and long shadows streaked the hillsides.. earlier departure, did not surprise them. His father had named him Banner of War. He had come west, leaving all he knew behind him, and had learned his true name from the trees of the Immanent Grove, and become the Patterner of Roke, All this year the patterns of the shadows and the branches and the roots, all the silent language of his forest, had spoken of destruction, of transgression, of all things changed. Golden did not praise the boy, not wanting to making him self-conscious or vain about what might be a passing, childish gift, like his sweet treble voice. There was too much fuss already made over that.. of a lighted ship far out at sea, in darkness, in the rain.. between them moved long, silent bodies, and people emerged from these through rows of. They said there was nothing but fog and reefs all round where Roke was. Medra took her hand and put his forehead against it. Telling his story he had kept back tears. He could not do so now.. "To come here," he said. He was beginning to tremble less. His bare feet were a sad sight.. "I'll be in the Grove," she said. "And my heart with you, my dark otter, my white tern, my love.. "I'll tell him that the changes in a man's life may be beyond all the arts we know, and all our wisdom," said the Archmage. He looked at Emer again. "May he stay here, mistress? Is that your wish as well as his?". After a while she heard the latch rattle. The door opened. An ordinary-looking middle-aged man. So the pattern of the years was set for Tern. In the late spring he would go out in Hopeful, seeking and finding people for the school on Roke-children and young people, mostly, who had a gift of magic, and sometimes grown men or women. Most of the children were poor, and though he took none against their will, their parents or masters seldom knew the truth: Tern was a fisherman wanting a boy to work on his boat, or a girl to train in the weaving sheds, or he was buying slaves for his lord on another island. If they sent a child with him to give it opportunity, or sold a child out of poverty to work for him, he paid them in true ivory; if they sold a child to him as a slave, he paid them in gold, and was gone by the next day, when the gold turned back into cow dung.. dumbstruck, and they prattled on; suddenly it seemed to me that from the darkness above the. moving within for people. But surely you didn't think that I. . ." "Oh, yes," Irioth said. "It was my fault." But she forgave; and the grey cat was pressed up against his thigh, dreaming. The cat's dreams came into his mind, in the low fields where he spoke with the animals, the dusky places. The cat leapt there, and then there was milk, and the deep soft thrilling. There was no fault, only the great innocence. No need for words. They would not find him here. He was not here to find. There was no need to speak any name. He had a sweet singing voice, a true ear, and a love of music, so that his mother, Tuly, called him Songsparrow and Skylark, among other loving names, for she never really did like "Diamond." He trilled and caroled about the house; he knew any tune as soon as he heard it, and invented tunes when he heard none. His mother had the wisewoman Tangle teach him The Creation of Ea and The Deed of the Young King, and at Sunreturn when he was eleven years old he sang the Winter Carol for the Lord of the Western Land, who was visiting his domain in the hills above Glade. The Lord and his Lady praised the boy's singing and gave him a tiny gold box with a diamond set in the lid, which seemed a kind and pretty gift to Diamond and his mother. But Golden was a bit impatient with the singing and the trinkets. "There are more important things for you to do, son," he said. "And greater prizes to be earned." .Listening to him, Medra thought of how he and Anieb had walked in the dark and rain by the faint glimmer that showed them only the next step they could take, and of how they had looked up to the red ridge of the mountain in the dawn.."To talk." .really did look like a sculpture in azure metal -- studied me carefully.
