"It's just a whole new area," McKillian whispered back. "Think about it Back on Earth, nature never got around to inventing the wheel. I've sometimes wondered why not There are limitations, of course, but it's such a good idea. Just look what we've done with it But all motion hi nature is confined to up and down, back and forth, in and out, or squeeze and relax. Nothing on Earth goes round and round, unless we built it. Think about it".Nolan had shrugged, too, and dismissed her from his mind. But that night as he lay on his bed, listening to the pounding of the drums, he thought of her again and felt a stirring in his loins.."Haven't you done enough?" I sighed. "When I called you, I didn't mean for you to push her like that. Couldn't you guess what she might do? We'll call my psychiatrist friend and have her help bring Amanda back.".The red column inched upwards. "One hundred and four." Nolan straightened quickly. "Go fetch Moises. Tell him I want the launch ready, pronto. We'll have to get her to the doctor at Manaos.". "I think so," Lang said. "It was so little water, though. A tiny white ball came through the doorway and bounced off three walls. It moved almost faster than they could follow. It hit Crawford on the arm, then fell to the floor where it gradually skittered to a stop. The hissing died away, and Crawford picked it up. It was lighter than it had been. There was a pinhole drilled in one side. The pinhole was cold when he touched it with his fingers. It's a little unfair to denigrate Hollywood and its offshoots for this; most of the arts have been doing it since the Pleistocene. Certainly in films and on TV this makes for a lot of boring material; for instance, we've not seen the end of all the copies, blatant and otherwise, of Star Wars..The sun was poking over the mountains when he woke up. The magazine has a reputation for offering variety, and to uphold that image, it seems to me that it must carefully avoid trends and formulas in an effort to publish a balance of different types of fantasy and sf. And so we continue to look for good writing and fresh ideas and entertaining narratives, and once those general criteria are satisfied, we take on whatever seems to be pleasing our writers at the time. The gossip columnists speculated a great deal about how Amanda and Selene managed their dual existence, but because neither personality gave interviews on the subject, it had to remain only speculation.
