

## FROM MAIN STREET TO WALL STREET

It was late when I finally got home. All evening I'd dreaded having to face Debbie with the bad news. But when I looked in the bedroom, she was sound asleep..you for taking so much trouble for me.".That night Amos again went to the brig. No one had missed the jailor yet So there was no guard at.playing Scrabble with the cat, but Detweiler was so normal and unconcerned they soon settled down..With the mirror safe?nor did they forget the grey man's umbrella and sunglasses?they carried him.expensive-looking color TV. He sees the Presidential motorcade making the turn onto Elm Street. Kennedy slumps forward, raising his hands to his throat. Smith presses a button to hold the moment in tune. He scans behind the motorcade, finds the sixth floor of the Book Depository Building, finds the window. There is no one behind the barricade of cartons; the room is empty. He scans the nearby rooms, finds nothing. He tries the floor below. At an open window a man kneels, holding a high-powered rifle. Smith photographs him. He returns to the motorcade, watches as the second shot strikes the President. He freezes time again, scans the surrounding buildings, finds a second marksman on a roof, photographs him. Back to the motorcade. A third and fourth shot, the last blowing off the side of the President's head. Smith freezes the action again, finds two gunmen on the grassy knoll, one aiming across the top of a station wagon, one kneeling in the shrubbery. He photographs them. He turns off the power., sits for a moment, then goes to the washroom, kneels beside the toilet and vomits..Brother Hart.along both sides and he stepped out a naked man..had mailed, in the same way, a huge amount of cash. Matthew Crawford shivered in the dark, his suit heater turned to emergency setting, his eyes trained toward the east. He knew he had to be watchful. Yesterday he had missed it entirely, snatched away from him in the middle of a long, unavoidable yawn. His jaw muscles stretched, but he controlled it and kept his eyes firmly open..I grinned. "I, somewhat naturally, am a connoisseur of buildings, and I promise you, Miss Gail, that nowhere else will you find such a free exercise of idiosyncrasies in home design.".you. But now, after the long trip back in the wheezing launch, he stood beside the crib in the spare bedroom and gazed down at his son with an overwhelming surge of pride.."No way," she says. There was a purposefulness about his mien that had been lacking on his previous visit; a fierce, almost an awesome, determination that made him seem larger than life. His black eyebrows were like the wings of a hawk; his lips were set like bitumen. He was wearing a maroon turtleneck with a big N on the front, blue Levis and thick-soled chukka boots..The assembled crew smiled, and Song gave a high-pitched cheer. "These are what I need," said Amos, putting on the clothes quickly, for he was beginning to get chilly standing in his underwear. Then he climbed over the edge of the boat into the swamp. He was so bright and colorful that nobody saw the figure hi dirty rags run quickly behind them to the far end of the ship and also climb over into the swamp. The next night he was off to Partyland, a 23rd St. speakeasy that advertised heavily on late-night TV.
