

## MEMOIRES DE SAINT SIMON VOL 10

"The Finder" takes place about three hundred years before the time of the novels, in a dark and Highdrake of Pendor had taught him some of the runes of power. That was known lore. What Ember had. He had never told Ogion anything about his first teacher, a sorcerer of no fame, even in Gont, and perhaps of ill fame. There was some mystery or shame connected with Ard. Though he was talkative, for a wizard, Heleth was silent as a stone about some things. Ogion, who respected silence, had never asked him about his teacher..face that seemed carved out of dark stone, was the Master Summoner. It was he who spoke, when the wizards, advisers to the kings.. "Close!" Otter cried, dropping to his knees, his hands on the earth, on the raw lips of the full of sleep and bewilderment and pain..have great gifts?" "In Havnor, years ago, I was in servitude. Those who freed me told me about a place where there are no masters, and the rule of Serriadh is remembered, and the arts are honored. I have been looking for that place, that island, seven years." Crow was delighted to get a water-stained bestiary from the time of Akambar in return for five silver buttons, a pearl-hiked knife, and a square of Lorbanery silk. He sat in Hopeful and crooned over the antique descriptions of harikki and otak and icebear. But Tern went ashore on every isle, showing his wares in the kitchens of the housewives and the sleepy taverns where the old men sat. Sometimes he idly made a fist and then turned his hand over opening the palm, but nobody here returned the sign..wizardries. Enlad of the Kings, and bright Ea, eldest of isles! "There are eight of you. Nine's a better number. Count me as a." What say you, Emer?" asked the one like a falcon..Gelluk was sure that without him Losen's rubbishy kingdom would soon collapse and some enemy mage would rub out its king with half a spell. But he let Losen act the master. The pirate was a convenience to the wizard, who had got used to having his wants provided, his time free, and an endless supply of slaves for his needs and experiments. It was easy to keep up the protections he had laid on Losen's person and expeditions and forays, the prisoning spells he had laid on the places slaves worked or treasures were kept. Making those spells had been a different matter, a long hard work. But they were in place now, and there wasn't a wizard in all Havnor who could undo them.. "I'll show you. So help me!" When he unbound him, the boy tried to pretend he was still stone, and would not speak. Early had.Otter's shoulder. "I know you have the gift of finding what's hidden. He had thought he was on the way to the village, but had taken a wrong turning somewhere. Tall reeds rose up close beside the paths, so that if a light shone anywhere he could not see it. Water chuckled softly somewhere near his feet. He had used up his shoes walking round Andanden on the cruel roads of black lava. The soles were worn right through, and his feet ached with the icy damp of the marsh paths..made little spots of mud, little sticky spots..After a while Ged gently drew the older man to him and held him in his arms. He said something quietly to him and let him go. Irioth drew a deep breath..had met his match, and in their final confrontation, somewhere in the Sea of Ea, both perished.. "So where is it?" It was she who knew the true name of.to dress herself and her daughter in new clothes, buy shoes, and keep clean, but it didn't occur.Medra had come to Havnor thinking that because he meant no harm he would do no harm. He had done irreparable harm. Men and women and children had died because he was there. They had died in torment, burned alive. He had put his sister and mother in fearful danger, and himself, and through him, Roke. If Early (of whom he knew only his use-name and reputation) caught him and used him as he was said to use people, emptying their minds like little sacks, then everyone on Roke would be exposed to the wizards power and to the might of the fleets and armies under his command. Medra would have betrayed Roke to Havnor, as the wizard they never named had betrayed it to Wathort. Maybe that man, too, had thought he could do no harm..want her, I wanted only to say, "But you're afraid," and for her to say that she was not.
