There, on the outer beach, both exhausted, they faced each other and fought, "talon and fire and word and sword," until:.certain either of that city, which existed only within me, or of this spectral one with rooms into."Now the King is in my body, the noble guest of my house. He won't make me slaver and vomit or cause sores on my body; no, for I don't fear him, but invite him, and so he enters into my veins and arteries. No harm comes to me. My blood runs silver. I see things unknown to other men. I share the secrets of the King. And when he leaves me, he hides in the place of ordure, in foulness itself, and yet again in the vile place he waits for me to come and take him up and cleanse him as he cleansed me, so that each time we grow purer together." The wizard took Otter's arm and walked along with him. He said, smiling and confidential, "I am one who shits moonlight. You will not know another such. And more than that, more than that, the King enters into my seed. He is my semen. I am Turren and he is me...". "But you can't hide true power," Medra said. "Not for long. It dies in hiding, unshared.".The heat of the day was beginning to lessen and the shadows of the Grove lay across the grass, though the Otter's House was still in sunlight. Kurremkarmerruk sat on the bench with his back against the house wall, and Azver on the doorstep..kill you for it. Keep it hid. And keep away from great people and their crafty men!". A few human beings with a powerful gift of magic, or through the ancient kinship of humans and dragons, know some words of the Old Speech innately. But the very great majority of people must learn the Old Speech. Hardic practitioners of the art magic learn it from their teachers. Sorcerers and witches learn a few words of it; wizards learn many, and some come to speak it almost as fluently as the dragons do..He had half-consciously dreaded that Diamond would triumph over him, asserting his power right away -- that mysterious, dangerous, incalculable power against which Golden's wealth and mastery and dignity shrank to impotence..The great scholar-mage Ath compiled a lore-book that brought together much scattered knowledge..for the Earth itself. "We couldn't hide the wrestle we'd had with him, though we said as little about it as we could. Golden said to his wife, a rhetorical question. She looked at him and said nothing, a non-rhetorical answer.. "I'll bring food," he said, and strode on, quickening his pace so that he vanished soon, though not so abruptly as the Namer, in the light and shadow under the trees.
