The Song of the Young King, sung annually at Sunreturn, the festival of the winter solstice, tells the story of Morred, called the Mage-King, the White Enchanter, and the Young King. Morred came of a collateral line of the House of Enlad, inheriting the throne from a cousin; his forebears were wizards, advisers to the kings..They went on through darkness, seeing only the track before them in the dim silvery glow of werelight shot through by silver lines of rain. When she stumbled he caught her arm. After that they went on pressed close side by side for comfort and for the little warmth. They walked slower, and yet slower, but they walked on. There was no sound but the sound of the rain falling from the black sky, and the little kissing squelch of their sodden feet in the mud and wet grass of the track..The food of dragons is said to be light, or fire; they kill in rage, to defend their young, or for sport, but never eat their kill. Since time immemorial, until the reign of Heru, they had used only the outmost isles of the West Reach-which may have been the easternmost borders of their own realm-for meeting and breeding, and had seldom even been seen by most of the islanders. Naturally irritable and arrogant, the dragons may have felt threatened by the increasing population and prosperity of the Inner Lands, which brought constant boat traffic even out in the West Reach. For whatever the reason, in those years they made increasing raids, sudden and random, on flocks and herds and villagers of the lonely western isles..Next day he had Licky send him the boy. If you're here, it adds up, you see. It adds up. Well! But listen here, did you just run off from the wizard? Did he know you were going?"..He had forced them to boil any water they used. Not sure what was expected of him, he followed her at a distance till they came to the inmost part of the Grove where all the trees were of the same kind, nameless yet each with its own name. When she sat down on the soft leaf mold between the roots of a big old tree, he found himself a place not far away to sit; and as she watched and listened and was still, he watched and listened and was still. So they did for several days. Then one morning, in rebellious mood, he stayed by the stream while Ember walked into the Grove. She did not look back..Of innumerable sacred groves, caves, mountains, hills, springs, and stones on the Four Lands, the holiest place was a cavern and standing stones in the desert of Atuan, called the Tombs.
