A century and a half after Morred's death, King Akambar, a prince of Shelieth on Way, moved the wizard might put a spell of increase on the pears this year or maybe charm the black rot off the stool beside his at the high desk. Though he said nothing, she felt he was. His old master was sitting in the grass near the pond, eating an apple. Bits of eggshell flecked. That I'd castrate myself with spells so I could be holy? Why do you think I don't have a staff? Why do you think I'm not at the School? Did you believe everything I said?" She looked up and saw the Hoary Man come out of a dark aisle of great oaks and come towards her.". went off into the darkness with a numb face, like a child who has been shown the falseness of a. It took him a long time to cross the cavern. He put his bad arm inside his shirt and kept his good hand pressed to his hip joint, which made it a little easier to walk. The walls narrowed gradually to a passage. Here the roof was much lower, just above his head. Water seeped down one wall and gathered in little pools among the rocks underfoot. It was not the marvelous red palace of Tinaral's vision, mystic silvery runes on high branching columns. It was only the earth, only dirt, rock, water. The air was cool and still. Away from the dripping of the stream it was silent. Outside the gleam of werelight it was dark. another world. "It's dangerous," Crow said, "it's pointless," but he made no further objection. After him Otter climbed the winding stairs, broad at first but growing tight and narrow, passing vapor chambers with red-hot ovens whose vents led up to refining rooms where the soot from the burnt ore was scraped down by naked slaves and shoveled into ovens to be burnt again. They came to the topmost room. I found myself in a circular. The wizard's spells still bound their minds together. Otter pressed rashly forward into Gelluk's mind, seeking his true name. But he did not know where to look or how to look. A finder who did not know his craft, all he could see clearly in Gelluk's thoughts were pages of a lore-book full of meaningless words, and the vision he had described-a vast, red-walled palace where silver runes danced on the crimson pillars. But Otter could not read the book or the runes. He had never learned to read. Gelluk stood tense and trembling, still at a loss. Gelluk was sure that without him Losen's rubbishy kingdom would soon collapse and some enemy mage would rub out its king with half a spell. But he let Losen act the master. The pirate was a convenience to the wizard, who had got used to having his wants provided, his time free, and an endless supply of slaves for his needs and experiments. It was easy to keep up the protections he had laid on Losen's person and expeditions and forays, the prisoning spells he had laid on the places slaves worked or treasures were kept. Making those spells had been a different matter, a

long hard work. But they were in place now, and there wasn't a wizard in all Havnor who could undo them..he was going in the right direction. "Perhaps I can find some along the way," he said. Later on it occurred to him that neither was his wife seeing the witch anymore. For years they'd been thick as thieves, against all his warnings, and now Tangle was never anywhere near the house. Women's friendships never lasted. He teased her about it. Finding her strewing pennyroyal and miller's-bane in the chests and clothes-presses against an infestation of moths, he said, "Seems like you'd have your friend the wise woman up to hex 'em away. Or aren't you friends anymore?"
