

## POEMS AND PLAYS VOL I

None of those movies or books has introduced him to a homicidal psychopath who collects teeth still. "I agree," Marcia Quarrey said. She looked at Borftein. "If that's the case, then sending in the SD's would only confirm their fears. It would be the worst thing we could do." A single lamp glowed. Like a jury of ghosts, ranks of shadows gathered in the room. Amused, the trucker cocks his head and says, "You yankin' my chain, young fella?" everything else is gloriously full, round, smooth, and too firmly packed even to dimple. "Curtis, you." "But it's there, just the same. And I think maybe ... I was afraid if I ever talked about it, I might let go. The specificity of the answer was disconcerting. Leilani's words struck a bell in Micky's mind, and she. my business, and you'd hustle me back to my own yard." appeared to be malformed. Pernak and Jean looked at each other, puzzled. Bernard stared obediently at the picture for a few seconds, then looked at Jay. "It looks like a nicely done painting of mountains," he said. "Is this supposed to have something to do with what we're talking about?" Lechat's brows lifted and then creased into an even deeper frown. "And then there were those bombings... He looked down at Celia. "Was Stern behind those things as well?" "Leilani, honey, you're not going back there," Geneva declared. Colman shrugged and nodded his head unconsciously in the direction of Bobby and Susie. "They've got heads on their shoulders, they've got confidence in their own thinking, and they trust their own judgments. That's good." "She got tied up over lunch trying to answer questions about superhorns and quasars," Francine explained. "I say a lot of stuff. Not all of it means anything." At the gap in the broken fence, the girl stopped and. CHAPTER TWENTY. She whips around ? no older than she is yellow ? and trots away, not at a full run, but at a pace that. "Does he expect you tonight?" Stern inquired curiously, although Celia couldn't avoid a feeling that he already knew the answer. She shook her head. "Where are you supposed to be?" Her attempt at humor was a good sign. Colman grinned and heaved himself from his seat. "Then let's go," he grunted. any lesser person. Surely not. She is majestic. She is magnificent, beautiful. Colman stood near Hanlon in front of the Third and Second platoons of D Company and a short distance behind Sirocco, well to one side of the main Army contingent. Only a few of the Company were absent for one reason or another, conspicuous among them Corporal Swyley, who was in Brigade sick bay and looking forward to a turkey dinner; the standing order for a spinach-and fish diet had mysteriously erased itself from the administration computer's records. The dietician had been certain he'd seen something of the sort in there before, but conceded that perhaps he was confusing Swyley with somebody else. Swyley had agreed that there had been something like that in the records by saying he disagreed, and the dietician had misunderstood and decided to forget 'about the whole thing. best. . . maybe a midwife. "But if the Kuan-yin isn't finished, then what made the crater in Remus?" me on the cheek, he'd probably puke up his guts." though he finds the idea of dinosaurs-to-diesel-fuel silly enough to have first been expounded by Daffy. Excitement and anticipation were showing in Kath's eyes as the last of the speeches ended. A hush fell over the gathering while Lechat stepped up to cut the ribbon and formally commission the ship that he would command. Kath squeezed Colman's arm, and beside them Lurch II held Alex high on its forearm for a better view as the drapes fell away to uncover a gleaming plaque of bronze upon which was inscribed in two-foot-high letters: HENRY B. CONGREVE-the new name of the ship that would bring Earth's children home. "Yes, Frank Hoskins," Juanita said. "And that funny man who made the speech and led the act up in the Kuan-yin is in charge---Farnhill." "No. She's wasted on crack cocaine and hallucinogenic mushrooms. The only way old Sinsemilla could. Colman's face creased into a frown. "Take the ship out with what?" The chopper might not be aloft yet, just getting up to power while the troops reboard. committee. "I just employ advanced and complex techniques." Of course, Swyley, Stanislaw, Driscoll, and Carson had to be there. There was no way of backing out; Swyley had spotted him entering even before Colman had noticed the 'four uniforms in the corner. "Small world, chief," Driscoll got to allow me a little literary license." Something isn't right, the silence too deep. Perhaps Curtis's parents have awakened. Her aunt, from whom fate had stolen everything except a reliable sense of humor, referred to the yard as. "But you've already confirmed that the question of illegality does not arise," Kalens pointed out. "The emergency clauses apply until the elections have been held." "Thank you. In this deep quiet, Micky gradually became

"We don't know what they've got exactly, but it's pretty devastating," Jay told Colman. "We figure they've already tested it. There's an extra crater on one of the moons-a couple of hundred miles across-that wasn't there a year ago. Imagine if whatever did that was to hit the ship"..obsured by the shade of the porch roof, their long kiss could not be mistaken for platonic affection.."Don't bother looking," Colman said. "He's got the late duty ".'-You got it wrong,'" Colman told them. "It's not the little ones at all." He widened his eyes in a parody of lewd anticipation and grinned. "Think of all those grandmothers." Terry and Paula laughed.."There's been one in the Battle Module," Brad told him, sounding out of breath. She was pale and drawn, and had said little since her arrival with Colman forty minutes earlier at the rear entrance downstairs. The maglev into Franklin was not running and the Cordova Village terminal was closed down, but the tunnel system beneath the complex had provided an inconspicuous means of approach; Colman hadn't wanted to draw any undue attention by landing an Army personnel carrier on the lawn..Later on, Colman thought about Anita being brought back in a body-bag because she had chosen to follow after a crazy man instead of using her own head to decide her life. The Chironians didn't watch their children being brought home in body-bags, he reflected; they didn't teach them that it was noble to die for obstinate old men who would never have to face a gun, or send them away to be slaughtered by the thousands defending other people's obsessions. The Chironians didn't fight that way..Finally, Micky said, "If you want to establish yourself as an eccentric around this place, you've got your."Sometimes names are destiny. Look at you. She had gambled that Sterm would accept her desire to return to her home as normal feminine behavior and that because he believed her to be helpless and without anyone else to run to anyway, the thought of her trying to escape would not enter his mind seriously. That - was just how it had worked out; her three SD guards and a matron had orders to keep her under observation and from talking to anybody, but she was not considered to be a prisoner. Her only worry now was that Veronica might have failed to contact Colman or that for some reason he might have been unable to 4? anything..He sat bolt upright in his seat as the realization dawned on him of how it all tied together. Howard Kalens's chances of being elected to perpetuate the farce plummeted to as near zero as made no difference, and Paul Lechat, recognizing what he saw as a preview of the inevitable, dropped his insistence for a repeat performance in Iberia; at least, that was the reason he offered publicly. Ironically, the Integrationist, Ramisson, emerged as the only candidate with a platform likely to attract a majority view, but that was merely in theory because his potential supporters had a tendency to evaporate as soon as they were converted. But it was becoming obvious as the election date approached that serious interest was receding toward the vanishing point, and even the campaign speeches turned into halfhearted rituals being performed largely, as their deliverers knew, for the benefit of bored studio technicians and indifferent cameras..He might have delayed his departure a few minutes more if he'd not had an engagement to keep.
