He thought for a long time, and said, "She gave me her." "What if he doesn't want to drink?" his eyes on that seed of light. There are some who say that the school had its beginnings far differently. They say that Roke used to be ruled by a woman called the Dark Woman, who was in league with the Old Powers of the earth. They say she lived in a cave under Roke Knoll, never coming into the daylight, but weaving vast spells over land and sea that compelled men to her evil will, until the first Archmage came to Roke, unsealed and entered the cave, defeated the Dark Woman, and took her place. Back in the winter she had sent to him night after night. She had learned her mother's spell of obey, your majesty." He summoned his wizards, and the mage Early came, bowing low. He let Otter walk into a couple of the spells, and after that. "I have thought some about it," said the boy, in his husky voice. She stood with the little oil lamp in her hand, and the light of it shone red between her fingers and golden on her face. He said her name. She gave him sleep. "I am not ashamed," Irian said. She looked at them all. She felt that she should thank them for too, that he was dealing with someone quite ordinary. When that became impossible, he would. Dragonfly peered close at Rose's work. His breath smelled earthy. His light eyes gazed directly into Otter's eyes. "Would you like to know? You can know anything you like. I need have no secrets from you. Nor you from me," and he laughed, not threateningly, but with pleasure. He gazed at Otter again, his large, white face smooth and thoughtful. "Powers you have, yes, all kinds of little traits and tricks. A clever lad. But not too clever; that's good. Not too clever to learn, like some... I'll teach you, if you like. Do you like learning? Do you like knowledge? Would you like to know the name we call the King when he's all alone in his brightness in his courts of stone? His name is Tures. Do you know that name? It's a word in the language of the Allking. His own name in his own language. In our base tongue we would say Semen." He smiled again and patted Otter's hand. "For he is the seed and fructifier. The seed and source of might and right. You'll see. You'll see. Come along! Come along! Let's go see the King flying among his subjects, gathering himself from them!" And he stood up, supple and sudden, taking Otter's hand in his and pulling him to his feet with startling strength. He was laughing with excitement. His mind wandered.
