"The Hound serves Losen," he said. "I'll go today." Neither of them had been on Pody. It was a sleepy southern island with a pretty old port town.. "I don't know," the Herbal said. "I can only tell you that when I'm with him, when I'm in the Great House, I feel that nothing can be done but what has been done. That nothing will change. Nothing will grow. That no matter what cures I use, the sickness will end in death." He looked around at them all like a hurt ox. "And I think it is true. There is no way to regain the Equilibrium but by holding still. We have gone too far. For the Archmage and Lebannen to go bodily into death, and return - it was not right. They broke a law that must not be broken. It was to restore the law that Thorion returned." Hound had taken him, had stood and seen his people beaten senseless, had not stopped the beating.. And when Irian looked away from the world. "Bring the boys, then," Early said with deadly patience.. "No," she said. "You're thinking -- no, what for? Why don't you drink?". Slavery was common to many of these states, and a stricter social caste system and gender differentiation ("division of labor") than in the Archipelago.. He had not planned or intended any such adventure, but crazy as it was, it suited him better the more he thought about it. The prospect of spending the long grey winter at Westpool sank his spirits like a stone. There was nothing here for him except the girl Dragonfly, who had come to fill his thoughts. Her massive, innocent strength had defeated him absolutely so far, but he did what she pleased in order to have her do at last what he pleased, and the game, he thought, was worth playing. If she ran away with him, the game was as good as won. As for the joke of it, the notion of actually getting her into the School on Roke disguised as a man, there was little chance of pulling it off, but it pleased him as a gesture of disrespect to all the piety and pomposity of the Masters and their toadies. And if somehow it succeeded, if he could actually get a woman through that door, even for a moment, what a sweet revenge it would be!.. softly in the tops of tall trees, on beyond the gardens.. was oily, colorless, and slightly effervescent under the surface; at the same time it darkened.. That's all he really told me, yet," said Dragonfly, coming back to the mild, overcast spring day and the infinite familiarity of the village lane, Rose's front yard, her own seven milch ewes grazing on Iria Hill, the bronze crowns of the oaks. "He's very careful how he talks about the Masters.".. since that was the source and center of his power. There was no use trying to get there before. "I'm tired of teaching and talking," he said. She was stroking down the mare's right foreleg. Her hands came away covered with blood-streaked horse sweat. "There, there," she said. The brave girl, the brave heart." The mare put her head down and shivered all over with relief. "What did you keep her standing there in the middle of the dogs for?" the woman demanded furiously. Yet that the Summoner should do so continued to shock and disturb her as she thought about it.. The Hand, a loose-knit league or community

concerned principally with the understanding and the ethical use and teaching of magic, was established by men and women on Roke Island about a hundred and fifty years after Maharion's death. Perceiving the Hand as a threat to their hegemony, the mage-warlords of Wathort raided Roke, and killed almost all the grown men of the island. But the Hand had already stretched out to other islands all around the Inmost Sea. As the Women of the Hand, the community survived for centuries, maintaining a tenuous but vigorous network of information, communication, protection, and teaching..file:///D:/Documents%20and%20Settings/harry/D...20%20LeGuin%20-%20Tales%20From%20Earthsea.txt (7 of 111) [2/5/2004 12:33:30 AM]. They put off and took on cargo at ports on the north shore of O, at Ilien, Leng, Kamery, and O Port, and then headed west to carry the passengers to Roke. And facing the west Ivory felt a little hollow at the pit of his stomach, for he knew all too well how Roke was guarded.
