As he beaded back to the Federal Communications Building, his senses seemed to register all the ordinary details of the city's streets with an unnatural, hyped clarity: the smell of sauerkraut steaming up from a hot dog cart, the glint of the noon sun on the mica mixed into the paving blocks of the sidewalk, the various shapes and colors of the pigeons, the very pigeons, perhaps, that had inspired his so-called idea earlier that day. But it was true, what he'd said. All the pigeons were the same size..of the ultimate in computer games . . .In the morning she was gone, but on the following night she returned. Couldn't you have talked about that?"."I will not leave." Mama settled herself in a rocker beside the crib. As Nolan turned to go, she called.44.I showed him my ID. They were all over Aventine, from a few apartments down near the shopping square to cabins in the woods and along the shores of both the Lunamere and Heliomere. I explained the choices to Amanda as I handed her into the runabout and unplugged the car from its charger. The Lunamere's main attraction in winter was that it froze over, making sixteen kilometers of ice for skating. The Heliomere was fed by hot springs and, at thirty-five degrees C, was suitable for year-round swimming.."Where was he last night when the Herndon woman died?".*Tm pregnant," she announced to them that night, causing Song to delay her examination of the white fruit..Nolan shuddered. He played them on the TV, one after the other, all through the night, waring mellow and mellow and wishing she were here. Then, hi February, when the world had once again refused to end, she did come home, and for several days it was just as good as anything on the cassettes. They even, for a wonder, talked to each other. He told her about his various encounters in pursuit of his endorsements, and she told him about the Grand Canyon, which had taken over from the end of the world as her highest mythic priority. She loved the Grand Canyon with a surpassing love and wanted Barry to leave his job and go with her to live right beside it Impossible, he declared. He'd worked eight years at Citibank and accrued important benefits. He accused her of concealing something. Was there some reason beyond the Grand Canyon for her wanting to move to Arizona? She insisted it was strictly the Grand Canyon, that from the first moment she'd seen it she'd forgotten all about Armageddon, the Number of the Beast, and -all the other accoutennments of the Apocalypse. She couldn't explain: he would have to see it himself. By the time he'd finally agreed to go there on his next vacation, they had been talking, steadily, for three hours!.That particular morning she was working through a set of torturous-looking exercises that made my muscles protest to watch. I don't sleep late, and the next morning while I was taking my wake-up walk along the beach, I saw no reason not to pass her cabin. I could take a brief look to make sure everything was all right, then come back for her at noon as agreed. I was enjoying the frosty bite of the air in my nose and throat and the surreal effect of the steam rising off the dawn-pink Heliomere when I saw Amanda running up the beach toward me, her hair flying long and loose around her..
