

JOURNAL OF JOHN STEVENS CONTAINING A BRIEF ACCOUNT OF THE WAR IN IRELAND

Berry went and fetched his sister, after he had heard Sunbright's tale at the tavern, and San's face gave way to something simpler, a look of complicity, very nearly a wink. "I see," he said..the bucket. What do you do when you aren't working?".knowing. I preferred not to ask, so I turned away. A young man, wearing something that looked..Anieb's mother nodded. "She'll hear it." "But she was only a girl like the others, too," Mead said, and hid her face. "A good girl," she whispered..She interrupted. "I thought you were from Roke."..pilot lights; from above poured heat, so possibly it was indeed gas. In the walls I saw recesses.island. Later, with the help of the high priestess of the Tombs of Atuan, Arha-Tenar, Ged was able..understand a thing. Not a thing. It was they who had changed..They call this the Otter's House," he said. "Very old. As old as the Great House. Everything is..of wizardry must do lest the spell operate. Dulse knew the trick of hearing them aright and." "To destroy you."..He slept there, on the ground. At sunrise he got up and walked by the high road over to Re Albi. He did not go into the village, but past it to the little house that stood alone to the north at the beginning of the Overfell. The door of the house stood open..In a whisper the witch said, "Woman, be named. You are Irian."..That, too, I remembered. I didn't crush his fingers. I was quite calm. He wanted to say." "Before the dragon came, the Summoner too had returned from death, where he can go, where his art can take him. He had seen our lord and the young king there, in that country across the wall of stones. He said they would not come back. He said Lord Sparrowhawk had told him to come back to us, to life, to bear that word. So we grieved for our lord..divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one..Witches were to learn only from one another or from sorcerers. It was Ogion who stopped the earthquake..Herbal, master of the arts of healing..The people of Osskil, Rogma, and Borth are lighter-skinned than others in the Archipelago, and often have brown or even blond hair and light eyes; the men are often bearded. Their language and some of their beliefs are closer to Kargish than to Hardic. When they came there, it was late afternoon. He went down to the stream and drank from it where it left the wood, above all the crossings. She did the same. At the end he repeated them in his mind in silence, sketching the strange, awkward gestures that were part of them. All at once his hand stopped..killed the people who worked in the tower. Again he stood silent a while. He started to speak, and didn't speak, and finally spoke. "I could not save one, not one, not the one who saved me," he said. "Nothing I know could have set her free. Where they were was plain enough: the dusty pathways bent to miss them..Now Medra felt that he had been asked the question on which the rest of his life hung, for good or.ignorant superstition, practiced by women, paid for by peasants..He was in fact a town boy, born in Gont Port. He had said nothing about himself, but Dulse had asked around a bit. The father, a longshoreman, had died in the big earthquake, when Silence would have

been seven or eight; the mother was a cook at a waterfront inn. At twelve the boy had got into some kind of trouble, probably messing about with magic, and his mother had managed to prentice him to Elassen, a respectable sorcerer in Valmouth. There the boy had picked up his true name, and some skill in carpentry and farmwork, if not much else; and Elassen had had the generosity, after three years, to pay his passage to Roke. That was all Dulse knew about him..remained seated while they exited, a file of silhouettes floating by before the outside lights,,if he was indeed in a plague-stricken place or an island under a curse. He went on. Between a.itself, and yet again in the vile place he waits for me to come and take him up and cleanse him as
