One night Veil, who was three years older than, and sheep went down to drink or to cross over. They had come through the stile from a pasture, remembering them. At the end he repeated them in his mind in silence, sketching the strange, Hardic. Kargish has diverged most widely in vocabulary and syntax from the Old Speech. Most of its. He bowed. Diamond expected to feel relieved, released, but found he felt rejected, ashamed. Forms of fiefdom, vassalage, and slavery have existed at times in some areas, but not under the rule of the Havnorian Kings. "So the vulgar call it, or quicksilver, or the water of weight. But those who serve him call him the King, and the Alking, and the Body of the Moon." His gaze, benevolent and inquisitive, passed over Otter and to the tower, and then back. His face was large and long, whiter than any face Otter had seen, with bluish eyes. Grey and black hairs curled here and there on his chin and cheeks. His calm, open smile showed small teeth, several of them missing. "Those who have learned to see truly can see him as he is, the lord of all substances. The root of power lies in him. Men and women of the Hand had joined together on Roke a hundred or more years ago, forming a league of mages. Proud and secure in their powers, they had sought to teach others to band together in secret against the war makers and slave takers until they could rise openly against them. Women had always been leaders in the league, said Ember, and women, in the guise of salve sellers and net makers and such, had gone from Roke to other lands around the Inmost Sea, weaving a wide, fine net of resistance. Even now there were strands and knots of that net left. Medra had come on one of those traces first in Anieb's village, and had followed them since. But they had not led him here. Since the raid, Roke Island had isolated itself wholly, sealed itself inside powerful spells of protection woven and re woven by the wise women of the island, and had no commerce with any other people. "We can't save them," Ember said. "We couldn't save ourselves." Trusting the messenger, Morred entered the trap. He barely escaped with his life. She tried to sit up again, looking up, but the shaking and shuddering seized her and wracked her. She began to gasp for breath. In the red light that shone now from the crest of the mountain and all the eastern sky he saw the foam and spittle run scarlet from her mouth. Sometimes she clutched at him, but she did not speak again. She fought her death, fought to breathe, while the red light faded and then darkened into grey as clouds swept again across the mountain and hid the rising sun. It was broad day and raining when her last hard breath was not followed by another. Havnor, and dancing on the village green in the warm autumn evening.
