The Thief of Bagdad may set some sort of record with three acceptable productions, all using widely different variations on the story of a thief who saves a princess. The silent 1924 Thief, with Douglas Fairbanks, looks pretty primitive in places but also has some special effects that can still awe. Alexander Korda's 1940 Thief doubles that in spades (the giant flying genie is just one of many), plus it has monumentally lavish sets. Even the Steve Reeves version seems to have been made with more care and wit than the rest of Mr. Reeves' spaghetti spectaculars, containing some good film magic of its own and a resounding score with one of those epic romantic themes (based, it must be said, on a theme from the Rozsa music for Korda).. One minute passed; perhaps they could have tricked the girl into bringing it up herself. Two minutes; they could have tied a string to the leg of a frog and sent him down to do the searching. Three minutes; there was not a bubble on the water, and Amos surprised himself by deciding the only thing to do was to jump in and at least try to save the prince. The owner-manager of the court was one of those creatures peculiar to Hollywood. She must have been a starlet in the Twenties or Thirties, but success had eluded her. So she had tried to freeze herself in time. She still expected, at any moment, a call from The Studio. But her flesh hadn't cooperated. Her hair was the color of tarnished copper, and the fire-engine-red lipstick was painted far past her thin lips. Her watery eyes peered at me through a Lone Ranger mask of Maybelline on a plaster-white face. Her dress had obviously been copied from the wardrobe of Norma Shearer. "Well," said Amos, "if you help get us to the top of the mountain, we will let you look into the fragment of the mirror." Then he added, "which is more than your friend the wizard did, apparently." Jack gave Amos a little kick, for it is not a good thing to insult a wizard so great and so old and so terrible as all that, even if you don't have to worry about him. shouted. Briefly, to answer other statements in the letters: I apologize for implying that Tolkien's hobbits and Ents (or his other bucolic-comic creations) are as empty-sublime as the Big People's heroics. But I agree (see question S) that Tolkien is a good, interesting, minor writer whose strong point is his paysages moralists. Ditto C S. Lewis, in his Naraya books. As for other writers mentioned, only strong, selective blindness could miss the Vancian cynicism or the massive Dunsanian irony (sometimes spilling over into despair) which make their heroism far from simple or unquestioned-by-the-authors-them-selves. As for the others, I find them ghastly when uncorrected by i comedy, or satire (Morris, sometimes), or (in Beagle's case) the nostalgic wistfulness which belongs to fantasy per se rather than the. She was beautiful enough, certainly, to have been someone he ought to recognize, but if he had seen her on TV, he didn't remember. In a way she seemed almost too beautiful to be a noted personality, since there is usually something a little idiosyncratic about each of them, so they can be told apart.
