

THE POETICAL WORKS OF JOHN EDMUND READE IN TWO VOLUMES VOL I

Joey was standing just outside, gazing in at her. His blue eyes were seas where sorrow sailed..From his motel room, he telephoned Hanna Rey in Bright Beach. She still looked after his house on a part-time basis, paid the bills from a special account while he traveled, and kept him informed about events in his hometown. From Hanna, he learned that Barty Lampion's eyes had been lost to cancer..Babies of unwed mothers-especially of dead unwed mothers, and especially of dead unwed mothers whose fathers were ministers unable to endure public mortification-were routinely put up for adoption. Since Seraphim had given birth here, the baby would be-no doubt already had been-adopted by a San Francisco-area family..In the glamorous cocktail lounge of this elegant hotel, Junior was necessarily forced to use other of Zedd's techniques-and more brandy--to liberate from his subconscious the name of the caller on the Ansaphone. Max. The caller had said, It's Max..Since he knew where Celestina would be on January 12, there was no point in taking risks to find her sooner. He had plenty of time to prepare for their encounter, time to savor the sweet anticipation..-and whenever the good Pharaoh was here in San Francisco, a few times each year, he always stopped by St. Anselmo's to entertain the boys--" Junior could neither speak nor even mewl in agony. All the saliva had been draining forward, out of his open mouth, for so long that his throat was parched and raw. He felt as though he had munched on a snack of salted razor blades that were now stuck in his pharynx. His rattling wheeze sounded like scuttling scarabs..She wouldn't answer him, but he was as convinced by her silence as he would have been by a blurted confession--or by a denial, for that matter. Her wild eyes convinced him, too, and her trembling mouth. Naomi had come back to be with him, and it could be argued that Seraphim had returned in a sense, too, for this girl was the flesh of Seraphim's flesh, born out of her death..So runs the water away, away, "I hope it will," the physician said, but his emphasis was too solidly on the word hope.. "Crafty men" is what they called wizards in those days..Shadows still perched throughout most of the room. They no longer reminded her of roosting birds, but of a featherless flock, leathery of wing and red of eye, with a taste for unspeakable feasts..Having booked the suite for three nights, Tom expected that he would spend far fewer late hours in his bed than sitting watch in the shared living room.. "I wish my Rico could have met your Harrison, too," Maria told Grace, referring to the husband who had abandoned her. "Maybe the reverend could've done with words what I couldn't do with my foot in Rico's trasero." "I'm sure you would be, yes, but I'm afraid I don't have the patience to teach, I'm a performer, not an instructor. I suppose I could give you the name of a good teacher." Since dealing with Victoria and the detective, Junior had taken pride in the fact that he'd kept his equanimity and, more important, his lunch. No acute nervous emesis, as he'd suffered following poor Naomi's death. Indeed, he had an appetite..A floor-to-ceiling bookshelf was crammed with pulp magazines that had been published throughout the 1920s, '30s, and '40s, before paperback books supplanted them. The All-Story, Mammoth Adventure, Nickel Western, The Black Mask, Detective Fiction Weekly, Spicy Mystery, Weird Tales, Amazing Stories, Astounding Stories, The Shadow, Doc Savage, G-8 and His Battle Aces, Mysterious Wu FangHe had bribed a parking attendant to keep his Mercedes at the curb in a valet zone, in front of a nearby restaurant, so it would be instantly available when needed. He could also leave the car and follow Celestina on foot if she chose to stroll home from here..Phimie's eyes widened, her hand tightened painfully on her sister's hand, her entire body convulsed, thrashed, and she cried, "Unnn, unnn, unnn!".Into the autumn of 1967, Junior reviewed hundreds of thousands of phone listings, and occasionally he located a rare Bartholomew. In San Rafael or Marinwood. In Greenbrae or San Anselmo. Located and investigated and cleared them of any connection with Seraphim White's bastard baby..Through the door came the sound of running water splashing in a sink. Neddy washing his hands..Mysteriously, on the first day of sunny weather in weeks, the 707 had crashed into Jamaica Bay, Queens, killing everyone aboard. Now, in 1965, it remained the worst commercial-aviation disaster in the nation's history, and because of the unprecedented dramatic television coverage, the story was a permanent scar in Celestina's memory, although she had been living a continent away at the time..He stabbed Prosser, however, merely to relieve his frustration and to enliven the dull routine of a life made dreary by the tedious Bartholomew hunt and by loveless sex. In return for more excitement, he'd assumed greater risk, to mitigate risk, he must have insurance..A man came out of the stone tower. He passed them, walking hurriedly with a queer shambling gait, staring straight ahead. His chin shone and his chest was wet with spittle leaking from his lips..Although Neddy had flushed to a rich primrose-pink, Junior still held his hand, crowding him, lowering his face even closer to the musician's. "If you vouched for a teacher, I'd feel confident that I was in good hands, but I'd still much rather learn from you, Neddy. I really wish you would reconsider-".At eleven o'clock Saturday morning, having just settled in the hotel after arriving from St. Mary's, they were waiting for the SFPD to deliver suitcases of clothes and toiletries that Rena Moller, Celestina's neighbor, had packed according to her instructions. While waiting, the three of them took an early lunch-or a late breakfast-at a room service table in the living room..He needed to keep moving, conduct the search, find the watch, and get the hell out of here, but he couldn't stop staring at the musician. Something about the cadaver made him nervous-aside from the fact that it was dead and disgusting and, if he was caught with it, a one-way ticket to the gas chamber..Dr. Leland Daines, Celestina's internist, arrived directly from dinner at the Ritz-Carlton. Although Dairies had receding white hair and a seamed face, time had been kind enough to make him look not so much old as dignified. Long in practice, he was nevertheless free of arrogance, soft-spoken and with a bottomless supply of patience..He had recently learned about the demigods of classic mythology in one of the selections from the Book-of-the-Month Club..Professional magic was not a field in which many Negroes could find their way to success. Obadiah was one of a rare brotherhood..Pulling herself up in the bed, peering at him suspiciously, she said, "You've gone and memorized old Emily." From the chair in the corner, where Agnes sat, it seemed that

Joshua took an inordinately long time on what was usually a quick examination. Worry so weighed on her that the physician's customary thoroughness seemed, this time, to be filled with dire meaning..terrified, the thorns pricking so close to his eyes, green points combing his lashes. He's too weak to resist, disabled. One of the most unnerving aspects of life in southern California was that earthquake weather came in so many varieties. As many days as not, you got out of bed, checked the sky and the barometer, and realized with dismay that conditions were indicative of catastrophe..The hospital was drowned in the bottomless silence that fills places of human habitation only in the few hours before dawn, when the needs and hungers' and fears of one day are forgotten and those of the next are. she was buoyant, unrestrained, floating up from the padded stretcher, until she was. He opened the solid doors on the bottom of the breakfront, did not find what he was looking for, checked in the sideboard next, and there it was, a small liquor supply. Scotch, gin, vodka. He selected a full bottle of vodka..Eventually Agnes came to suspect that for all the pleasure the boy took in math and for all his aptitude with numbers, his greatest gift and his deepest passion lay elsewhere. He was finding his way toward a destiny both more astonishing and stranger than the lives of any of the many prodigies about whom she'd read.. "July 6, 1944, in Hartford, Connecticut, a fire broke out in the great tent of the Ringling Brothers and Barnum and Bailey Circus at two-forty in the afternoon, while six thousand patrons watched the Wallendas, a world-famous high-wire troupe, ascend to begin their act. By three o'clock, the fire burned out, following the collapse of the flaming tent, leaving one hundred sixty-eight dead. Another five hundred people were badly injured, but one thousand circus animals-including forty lions and forty elephants-were not harmed." Nolly finally disturbed the quiet: "Well, sir ... you're quite a psychologist." Her voice was flat and a little hard. Another man might have mistaken her tone for disapproval, for impatience, even for quiet anger. "You didn't at all," Dr. Salk assured him. "I need to talk to you. If you would give me a little of your time..." As though stirred by static electricity, the fine hairs on the backs of Tom's hands quivered, and a current of expectation coursed through him..Of all the kindnesses that we can do for one another, the most precious of all gifts-time-is not ours to give. Bearing this in mind, Agnes did her best to guide her extended family through its grieving for Harrison and for Jacob, into happier days. Respect must be paid, precious memories nurtured, but life also must go on..Because they were smaller than men and could move more easily in narrow places, or because they were at home with the earth, or most likely because it was the custom, women had always worked the mines of Earthsea. These miners were free women, not slaves like the workers in the roaster tower. Gelluk had made him foreman over the miners, Licky said, but he did no work in the mine; the miners forbade it, earnestly believing it was the worst of bad luck for a man to pick up a shovel or shore a timber. "Suits me," Licky said..or the barber. Never was he afraid to fall asleep, and having fallen asleep, he appeared to have only pleasant dreams.." August, 1931. Along the Huang He River in China. Three million seven hundred thousand people died in a great flood," Edom said..Even when he saw no cop cadaver, no ghoulish grin, no two-bit eyes, Junior was not immediately relieved. Warily, he circled the car, expecting to find the detective crouching and poised to spring..the floor, on a silk-covered pillow filled with goose down. With a sigh " he assumed the lotus position: spine straight, legs crossed, hands at rest with the palms up..The strange barrage of lightning, putting an end to the rain rather than initiating it, had been a clue. The rapid clearing of the sky-indicating a stiff wind at high altitudes, while stillness prevailed at ground level-a sudden plunge in the humidity, and an unseasonable warmth confirmed the coming catastrophe..Hard experience had taught him, however, that killing someone he knew, while occasionally necessary, didn't release stress. Or if it did briefly release stress, then unforeseen consequences always contributed to even worse future stress..He smiled. "Those of us who were priests first--yeah, we're all a broody bunch. Of the others--not many, but probably more than you think." Thus far, none of these women of mercy was as lovely as Victoria Bressler, the ice-serving nurse who was hot for him. Nevertheless, he kept looking and remained hopeful..Two staff members were at the front desk, when last he'd seen them, out of sight now and too far away to hear the crooning. Junior had been waiting at the doors when the library opened, and thus far he'd encountered no other patrons..Teasing out the card, Edom saw that it was an ace of diamonds-remarkable in light of Maria Gonzalezs fortune'-telling session last Friday evening. He was more astonished, however, by the name printed in black ink diagonally across the face of the card: BARTHOLOMEW..She hadn't looked up from her sketching. Although Junior thought she hadn't seen him, she'd apparently been aware of him all along..As the nurse slapped a bar of lye soap in Celestina's right hand, she turned on the water in the sink..Walking rather than riding was now nothing more than a matter of habit. And by walking, he could delay his arrival at a house that had grown strange to him, a house in which every noise he made, since Monday, seemed to echo as if through vast caverns..These past ten days had been the most difficult of her life, harder even than those following Joey's death. Back then, although she had lost a husband and a gentle lover and her best friend all at once, she'd had her undiminished faith, as well as her newborn son and all the promise of his future. She still had her precious boy, even though his future was to some extent blighted, and her faith remained with her, too, though diminished and offering less solace than before.."Will do. Check out those paintings he collects. People pay real money for them, even people who've never been in a looney bin." But the other learning he had been given had made Otter touchy in these matters, delicate of conscience. The big galley they were building now would be rowed to war by Losen's slaves and would bring back slaves as cargo. It galled him to think of the good ship in that vicious usage. "Why can't we build fishing boats, the way we used to?" he asked, and his father said, "Because the fishermen can't pay us." Five days ago, reasoning that an unscrupulous attorney would know how to find an equally unscrupulous private detective, even across state borders, Junior had phoned Simon Magusson, in Spruce Hills, for a confidential recommendation. Apparently, there also existed a brotherhood of the terminally ugly, the members of which sent business to one another. Magusson-he of the large head, small ears, and protuberant eyes-had referred Junior to Nolly Wulfstan.."Sure

they do," Barty said. "But I think Maria embroidered the birds just because they were pretty." If he killed Bartholomew and got away clean, as he expected that he would, then he could subsequently return everything in the van to the apartment. He was just being prudent by planning for his future, because the future was, after all, the only place he lived..Glancing at his wristwatch with alarm, Edom bolted up from his chair. "Look at the time! Agnes gave me a lot to do, and here I am rattling on about earthquakes and cyclones." San Francisco's pre-Christmas cheer had deserted it. The glow and glitter of the season had given way to a mood as dark and ominous as *The Cancer Lurks Unseen, Version 1*..Her lifelong optimism, her buoyancy, which she had miraculously sustained through so many difficult years, would never survive this. She would no longer be a rock of hope for him and Edom. Their future was despair, undiluted and unrelenting..Junior didn't believe in gods, devils, Heaven, Hell, life after death. He put his faith in one thing: himself..The hateful window. The hateful, frozen window. Celestina wrenched on the crank with all of her strength, and felt something give a little, wrenched, but then the crank popped out of the socket and rapped against the sill..Now, however, he was thinking not about what Agnes's story might mean to Reverend White, but about what the minister might be able to do to provide at least a small degree of comfort to Agnes, who spent her life comforting others..holding hands as they watched John Wayne in *The Searchers*, David Niven in *Around the World in 80 Days*. They were so young then, sure they would live forever, and they were still young now, but for one of them, forever had arrived..Easter still lay a few weeks away, but already Celestina had begun decorating more than a hundred baskets, so that nothing would need to be done at the last minute except add the candy. Her living room was a warren of baskets, ribbons, bows, beads, bangles, shredded cellophane in green and purple and yellow and pink, and decorative little plush-toy bunnies and baby chicks..In a few instances, when his suspicions were aroused in spite of their denials, Junior tracked down their residences. He observed them in the flesh and made additional-and subtle-inquiries of their neighbors until he was satisfied that his quarry was elsewhere.."And to the north of us," Agnes said, drawing him out, "Janey Carter went off to college last year, and she's their only child."..Slow deep breathing forgotten, gasping like a drowning swimmer, a sudden sweat dripping from his brow, Junior used one foot to prod the fallen man..The detective was driven by this string theory of his, and maybe he also saw visions or even heard voices, like Joan of Arc. Joan of Arc with out beauty or grace, Joan of Arc with a service revolver and the authority to..Of course, when turning a quarter across his knuckles, the cop had made no noise. And he had glided across the hospital room, in the dark, with feline stealth..Young boys, however, are not moved by scenery, especially not when their hearts are adventuring on Mars..After a bit Otter nodded left, away from the grey stone tower. They walked on towards a long, treeless valley, past grass-grown dumps and tailings..Bartholomew had been able to focus his eyes much sooner than the average baby was supposed to be able to focus. To a surprising extent, he was already engaged in the world around him..A cheer went up from family and friends, and Agnes could only imagine what it must feel like to be Barty, both blind and blessed, his heart as rich in courage as in kindness..Later, at home in bed, after Nolly proved the value of oysters, he and Kathleen lay holding hands. Following a companionable silence, he said, "It's a mystery."..As they rolled along the coast, Agnes began to read to Barty from *Podkayne of Mars*: " 'All my life I've wanted to go to Earth. Not to live, of course-just to see it. As everybody knows, Terra is a wonderful place to visit but not to live. Not truly suited to human habitation.' ".To the phone, the police. No dial tone. Pointless to rattle the disconnect switch. The line had been cut..When he judged that he was near the porch steps, he probed with his cane. Two paces later, the tip rapped the lowest step..This morning, only his love for his sister, Agnes, gave him the courage to drive and to become the pie man..This didn't work for Junior. Strangely, when he focused on a mental image of any fruit-apple, peach, banana-his thoughts drifted to sex. He became aroused and had no hope of clearing his mind..Although he considered tearing up the letter and throwing it away he knew that his perceptions were clouded by grief and that what he'd written might seem fine if he reviewed it in a less dark state of mind. He returned the letter to the envelope and put it in the drawer of his nightstand..He did not answer Hound's question..The social worker's office once more. Rain tapping lightly at the window where Dr. Lipscomb had stared intently into the fog as he tried to avoid confronting the life-changing revelation that Phimie, speaking with the special knowledge of the once-dead, had shown him.."We've mapped three routes to the top," Angel said, "and each offers different challenges. Barty's eventually going to climb all of them, but he's starting with the hardest."..About ten feet from the trunk of the oak, Barty departed his straight route and began to circle the tree..Happiness could grow out of unspeakable tragedy with such vigor that it produced dazzling blooms and lush green bracts. This insight served, for Celestina, as a primary inspiration for her painting and as proof of the grace granted in this world that we might perceive and be sustained by the promise of an ultimate joy to come..The kids insisted on knowing what was meant by the line about the chicken, and this led to the laying of a coopful of Why-did-the chicken-cross-the-road jokes, which Edom and Jacob had memorized in childhood as an act of rebellion against their humorless father..To be fair, with her exceptional beauty, she would have been the center of attention even in a gathering of real artists. Junior had little chance of getting at Seraphim's bastard boy without going through this woman and killing her as well; but if his luck held and he could eliminate Bartholomew without Celestina realizing who had done the deed, then he might yet have a chance to discover if she was as lubricious as her sister and if she was his heart mate..Grace, Celestina, and Paul expressed amusement and amazement at Angel's critical judgment..Chase after her on foot. Shoot her in the car. Maybe. He'd have five rounds left if he used one on the man, four on Bartholomew..FOR THE BETTER PART of a week, on doctor's orders, Agnes avoided stairs. She took sponge baths in the ground-floor powder room and slept in the parlor, on a sofa bed, with Barty nearby in a bassinet..Too much clatter, drawing attention. No leisure for romance now, no chance for a two-sister score. just kill Celestina, kill Bartholomew, and go, go..Junior forgot all about seduction. "And she--what?--She adopted her sister's baby?"..Fragments of the broken wineglass crunched under

his shoes as he crossed the small kitchen to the dinette. He opened the bottle of vodka and put it on the table in front of the dead woman..He went upstairs to change out of his dark blue suit and badly scuffed black shoes..He yearned for a new heart mate. He was wise enough to know that no amount of yearning could transform the wrong woman into the right one. Love couldn't be demanded, planned, or manufactured. Love always came as a surprise, snuck up on you when you were least expecting it, like Anthony Perkins in a dress..Paul realized that the kitchen had fallen silent, that the women had turned to the two children and now stood as motionless as figures in a waxworks tableau.. "In addition," Daines said, "her pelvis is small, which would present problems of delivery even in an ordinary pregnancy. And the muscle fibers in the central canal of her cervix, which ought to be softening in anticipation of labor, are still tough. I don't believe the cervix will dilate well enough to facilitate birth."..Yet had the obstacles been piled twice as high, the time had come to put into words what they felt for each other and to decide what they intended to do about it. Celestina knew that in depth and intensity, as well as in the promise of passion, Wally's love for her equaled hers for him; out of respect for her and perhaps because the sweet man doubted his desirability, he tried to conceal the true power of his feelings and actually thought he succeeded, though in fact he was radiant with love. His once-brotherly kisses on the cheek, his touches, his admiring looks were all still chaste but ever more tender with the passage of time; and when he held her hand-as in the gallery this evening-whether as a show of support or simply to keep her safely beside him in a crosswalk on a busy street, dear Wally was overcome by a wistfulness and a longing that Celestina vividly remembered from Junior high school, when thirteen-year-old boys, their gazes filled with purest adoration, would be struck numb and mute by the conflict between yearning and inexperience. On three occasions recently, he seemed on the brink of revealing his feelings, which he would expect to surprise if not shock her, but the moment had never been quite right..Frankness and tough talk pleased her, because too many people dealt with her as though her spirit were as frail as her limbs. She laughed with delight-but still refused him..The reception was from six o'clock to eight-thirty. If she were to arrive on time, guardian angels would have to be perched on all the traffic lights along the way..Junior considered slipping quietly around the house, peering in windows, to be sure she was alone, before approaching directly. If she saw him, however, his wonderful surprise would be spoiled..Victoria lay faceup on the floor. The nurse was no longer as lovely as she had been, and perhaps because of early rigor mortis, her grace, which had initially been evident even in death, had now deserted her..Part of him knew this sound was his heartbeat, not the footfalls of an otherworldly pursuer, but that part of him wasn't dominant at the moment. He moved faster, not exactly running, but hurrying like a man late for an appointment..Because drugs foil all efforts at self-improvement, Junior had no use for the cocaine and acid. He didn't dare sell them to recover his money; even five thousand dollars wasn't worth risking arrest. Instead, he gave the pharmaceuticals to a group of young boys playing basketball in a schoolyard, and wished them a Merry Christmas. The twenty-fourth of December began with rain, but the storm moved south soon after dawn. Sunshine tinsel the city, and the streets filled with last-minute holiday shoppers..On his nightstand, he found an envelope evidently placed there by Hanna, after she'd taken it from his pharmacy smock, which he had given her to launder. The envelope contained the letter about Agnes Lampion that Paul had written to Reverend White in Oregon..Her voice was soft, almost a whisper, and charged with anxiety; but under other circumstances, it would have been sexy.
