Starving hungry, frustrated, misunderstood, Diamond reached out to hold her again, to make her body understand his body, repeating that first, deep embrace that had held all the years of their lives in it. He found himself standing two feet back, his hands stinging and his ears ringing and his eyes dazzled. The lightning was in Rose's eyes, and her hands sparked as she clenched them. "Never do that again," she whispered.. Tell him what he sees, Anieb whispered in Otter's mind, and he spoke: "A stream runs through darkness over a glittering roof. Under the roof is the House of the King. The roof stands high above the floor, on high pillars. The floor is red. All the pillars are red. On them are shining runes." .He went slowly round to the eastern side of the hilltop, bright and warm already with the light of. For a half millennium or longer, men ambitious to work the great spells of magery bound themselves to absolute chastity, enforced by self-cast spells. At the school on Roke, the students lived under this spell of chastity from the time they entered the Great House and, if they became wizards, for the rest of their lives.. size and prosperity.. into the street. That is, I thought it was a street, but the darkness above us was every now and. "Anyone can make a fist and show a palm," said the tall woman, pleasantly. "But not everyone can fly to Roke. It was widely said that since the Ring of Peace was lost there could. that. It's not a thing you do. You have to know how to let it do. That's all the mastery." . She looked at him in the starlight, and said, "Tell me your name - not your true name - only what I can call you. When I think of you." . He said nothing. She squatted down to find out what was in the basket. "Peaches!" she said, and. A pause. "This," Diamond said. His voice was level. He looked neither at his father nor his mother.. Otter's humble teachers had taught him pride. They had trained into him a deep contempt for. The early kings and queens of Enlad, among whose names are Lar Ashal, Dohun, Enashen, Timan, and Tagtar, gradually increased their sway till they proclaimed themselves rulers of Earthsea. Their reign extended no farther south than Ilien and did not include Felkway in the east, Paln and Semel in the west, or Osskil in the north, but they did send explorers out all over the Inmost Sea and into the Reaches. The most ancient maps of Earthsea, now in the archives of the palace in Havnor, were drawn in Berila about twelve hundred years ago.. "Down to the waterfront." . had stopped.. reason to frighten them. They were not men.. Tell me what it is, this bet. . . or whatever." . "Yes," she said. "I'm sorry." Her hand was still on his knee. In the lore-book from Way, which he brought with him in a spell-sealed box whenever he traveled, were passages concerning the true refiner's fire. Having long studied these, Gelluk knew that once he had enough of the pure metal, the next stage was to refine it yet further into the Body of the Moon. He had understood the disguised language of the book to mean that in order to purify pure quicksilver, the fire must be built not of mere wood but of human corpses. Rereading and pondering the words this night in his room in the barracks, he discerned another possible meaning in them. There was always another meaning in the words of this lore. Perhaps the book was saying that there must be sacrifice not only of base flesh but also of inferior spirit. The great fire in the tower should burn not dead bodies but living ones. Living and

conscious. Purity from foulness: bliss from pain. It was all part of the great principle, perfectly clear once seen. He was sure he was right, had at last understood the technique. But he must not hurry, he must be patient, must make certain. He turned to another passage and compared the two, and brooded over the book late into the night. Once for a moment something drew his mind away, some invasion of the outskirts of his awareness; the boy was trying some trick or other. Gelluk spoke a single word impatiently, and returned to the marvels of the Allking's realm. We can send to them a voice or a presentment, a seeming, of ourself. But we do not summon them, in spirit or in flesh, to come to us. Only the dead may we summon. Only the shadows.
