I know it seems an inconsequential thing to go to pieces about, but every time I meet one of Selene's friends I feel like spiders are crawling over me. They're all so ... grotesque." Amanda shuddered. "I don't know how she can actually live with such creatures. I suppose it's her nature. Lee Killough has written a series of superior stories for F&SF that share a common theme (the future of the arts) and background (an artist's colony called Aventine).
