

## THE WEEKLY VALLEY HERALD VOL 15 JULY 1877

When the pianist eventually launched into "Someone to Watch over Me," he didn't appear to be responding to a request, considering that a few other numbers had been played since the most recent gratuity. The tune was, after all, in his nightly repertoire. With the stocky detective looming, Junior wasn't able to stroke his imagination into an erotic mood. In his mind's eye, Victoria's ample bosom remained concealed behind a starched white uniform. Assuming this criticism was amusing hyperbole, Junior laughed, but Sklent squinted those virtually colorless eyes, and Junior's laugh withered in his throat. "Well, maybe that's how it'll work out," he said, wanting to be on Sklent's good side, but he was at once sorry he'd spoken those words in front of witnesses. Repressing a smirk, feigning a respectful solemnity, he dared to glance at Vanadium, but the detective stared into Naomi's grave as though he hadn't heard the mockery-or, having heard it, didn't recognize it for what it was. She sat at the kitchen table, staring at the glass. After a while she emptied it in the sink without having taken a sip. The dying-dove hands fluttered down Junior's arms, plucking feebly at his leather coat, and at last hung limp at Neddy's sides. "Your father denies the rape ever occurred, apparently out of what I'd call a misguided willingness to trust in divine justice." "August, 1931. Along the Huang He River in China. Three million seven hundred thousand people died in a great flood," Edom said. Over potato soup and an asparagus salad, the dinner conversation got off to a promising start: a discussion of favorite potato dishes, observations on the weather, talk of Mexico at Christmas. With his mother, his uncles, and Maria hovering just two steps behind, Barty followed the driveway, not bothering with the cane, keeping his right foot on the concrete, his left foot on the grass, until he came to a jog in the pavement, which apparently he'd been seeking. He stopped, facing due north, considered for a moment, and then pointed due west: "The oak tree's over there." Having been an object of Thomas Vanadium's fixation, Junior felt fortunate to have survived. He shuddered. In fact, attorneys for the potential plaintiffs felt that Nork, Hisscus, and Knacker were too willing to reach an accommodation, and they met the trio's conciliation with high suspicion. Naturally, the state didn't want to defend against a claim involving the death of a beautiful young bride and her unborn baby, but their willingness to negotiate so early, from such a reasonable posture, implied that their position was even weaker than it appeared to be. "By the way he acted, you'd have sworn that he gave me and Angel shelter in the storm, back then, instead of turning us out to freeze in the snow." He found it difficult to make a painful personal revelation sound sincere when delivered in a shout, but he managed well enough to bring a shine of tears to her eyes: "Part of my left foot was shot off in this upcountry sweep we did." He was Father Tom again, having recommitted to his vows three years previous. At his request, the Church had assigned him as the chaplain of Pie Lady Services. Her hands shook, her entire body shook, and in her mind was a hard clatter of fear like the wheels of a roller coaster rattling over poorly seamed tracks. After he is rolled onto his back by his father, now, here, roses by the fistful jammed in his face, crushed and ground. The stems, thorns sharp against his tongue. And then Agnes. Agnes in the yard, screaming. He lived high, on Russian Hill, in a limestone-clad building with carved Victorian detail. His one-bedroom unit included a roomy kitchen with breakfast nook and a spacious living room with windows looking down on twisty Lombard Street. Glancing at the plump pie in Edom's hands, the gentleman replied to Agnes in a musical yet gravelly voice worthy of Louis Armstrong: "You must be the lady Reverend Collins told me about." He didn't want to risk marrying weapon and silencer here in the hall, where he might be seen. Besides, complications could arise from being splattered with Neddy's blood. Aftermath was disgusting, but it was also highly incriminating. For the same reason, he was loath to use a knife. II. Otter. The fully evolved man never has to rely on the gods of fortune, Zedd tells us, because he makes his luck with such reliability that he can spit in the faces of the gods with impunity. Junior hadn't paid attention to everyone who visited the pianist though surely he'd have noticed a certain stump in a cheap suit. Other rooms were furnished as sparsely as those in a monastery. Indeed, the dining room contained nothing whatsoever. In the living room stood a Christmas tree, and under the tree lay prettily wrapped presents. Junior enjoyed opening all of them, but he didn't find anything he wanted to keep. She stepped to the bed, bracketing Junior between her and Big Rude. The stream of obscene invective issuing from Sheena made Junior feel as if he had gotten in the way of a septic-tank cleanout hose. He briefly closed his hand around the three coins, then with a snap of his wrist, flung them at Nolly, who flinched. But either the coins were never flung or they vanished in midair-and his hand was empty. Celestina nodded, unable to respond to the aide's kindness. Sometimes kindness can shatter as easily as soothe. The hall was deserted. Then a woman came out of one of the offices and walked toward the gallery, without glancing at him. Widening his eyes in calculated surprise, Junior said, "Are you a police officer?" Unable to run, he raised his arms defensively, crossing them in front of his face, though the impact of the coins wasn't painful. Volleys flicked off his fingers, palms, and wrists. They sat in silence, and the moment held such an extraordinary quality of expectation that Kathleen would not have been surprised if the vanished quarter had suddenly appeared in midair and dropped, winking brightly, to the center of Nolly's desk, there to spin with perpetual motion, until Vanadium chose to pluck it up. Frowning, Panglo, said, "Terrible, you're right, so many terrible things happen, but I don't see why trains-". Magusson's idea of a laugh. "And they didn't even bother to post a warning. In fact, that sign was still up, inviting hikers to enjoy the view from the observation deck." This device, which could automatically pick any lock with just a few pulls of its trigger, was sold strictly to police departments, and its distribution was tightly controlled. On the black market it commanded such a high price that Junior could have bought the better part of a small Sklent painting for the same bucks. "It's just ... the last time I saw him, he trapped me in a corner and told this god awful story, far more than I wanted to know, about some British murderer back in the forties, this monstrous man who beat people to death with a hammer, drank their blood, then disposed of their

bodies in a vat of acid in his workroom." He shuddered..Heart racing, Tom produced another quarter from a pants pocket. For the benefit of the adults, he performed the proper preparation-a little patter and the ten-finger flimflam-because in magic as in jewelry, every diamond must have the proper setting if it's to glitter impressively.."Angel," Phimie said urgently, and then, with an effort that made a blood vessel swell."Get this through your head, you shit-for-brains. I lost a daughter, a precious daughter, my Naomi, the light of my life."."This is going to be an enormous settlement," the attorney promised. "And there's more good news. County and state authorities have agreed to close the case on Naomi's death. It's now officially an accident."..Unable to hold his breath or to quiet his miserable sobbing, Junior couldn't hear clearly enough to discern whether the sounds of the stalking sculpture were real or imagined. He knew that they had to be imaginary, but he felt they were real..Lying on his side in bed, clothed and shod, knees drawn up, arms folded across his chest, hands pressed under his chin, like a precocious fetus dressed and waiting for birth, Junior tried to recall the chain of logic that had led to this long and difficult pursuit of Bartholomew. That chain led three years into the past, however, which to Junior was an eternity, and not all the links were still in place..Junior glimpsed Vanadium first in profile-and then, as the cop rode down and away, only the back of his head. He hadn't seen this man in almost three years, yet he was instantly certain that this was no coincidental look-alike. Here went the filthy-scabby-monkey spirit itself.."He must've listened on the car radio," Agnes said, digging down into the layered days in her packed trunk of memories. "He was trying to get ahead of his work, so he'd be able to stay around the house a lot during the week after the baby came. So he arranged to meet with some prospective clients even on Sunday. He was working a lot, and I was trying to deliver my pies and meet my other obligations before the big day. We didn't have as much time together as usual, and even as impressed as he must've been with the sermon, he never had a chance to tell me about it. The next-to-last thing he ever said to me was 'Bartholomew.' He wanted me to name the baby Bartholomew."..Junior hurried out of the kitchen and along the hallway to the front door. He ran silently, landing on his toes like a dancer. His natural athletic grace was one of the things that drew so many women to him..On the High Marsh.Filled with the songs of swallows that evidently preferred these precincts to the more famous address of San Juan Capistrano, this mild March morning was perfect for pie deliveries. Agnes and Grace had produced a bakery's worth of glorious vanilla-almond pies and coffee toffee pies..Second-stage labor was supposed to last about fifty minutes in a woman bearing her first child, as little as twenty if the birth was not the first, but she sensed that Bartholomew was not going to come into the world by the book..Even Angel, mere wisp of a cherubim, couldn't squeeze through a seven-inch opening..In abject misery, Junior lay waiting to go under the knife, more eager to be cut than he would have thought possible only a few hours before. The mere promise of this surgery thrilled him more than all the sex that he'd ever enjoyed between the age of thirteen and the Thursday just past..All three of these sorry excuses for human beings were money mad. Rudy owned six successful used-car dealerships and--his pride--a Ford franchise selling new and used vehicles, in five Oregon communities, but he liked to live large; he also visited Vegas four times a year, pouring money away as casually as he might empty his bladder. Sheena enjoyed Vegas, too, and was a fiend for shopping. Kaitlin liked men, pretty ones, but since she might be mistaken for her father in a dimly lighted room, her hunks came at a price.."I wish my Rico could have met your Harrison, too," Maria told Grace, referring to the husband who had abandoned her. "Maybe the reverend could've done with words what I couldn't do with my foot in Rico's trasero".Whereas Edom feared the wrath of nature, Jacob knew that the true hand of doom was the hand of humankind..For all his brilliance, however, he was still a boy who loved to run and jump and tumble. Who swung from the backyard oak tree in a rope-and-tire swing. Who was thrilled when given a tricycle. Who giggled in delight while watching his uncle Jacob roll a shiny quarter end over-end across his knuckles and perform other simple coin tricks..She loosened her hair and brushed it out, and Nolly took her to dinner at their favorite place, which had the decor of a classy saloon and a bay view suitable for God's table. They came here often enough that the maitre d' greeted them by name, as did their waiter..Vanadium was dead. Pounded with pewter and sunk in a flooded quarry. Gone forever..To the foot of the bed slouched the third and final Hackachak: twenty-four-year-old Kaitlin, Naomi's big sister. Kaitlin was the unfortunate sister, having inherited her looks from her father and her personality equally from both parents. A peculiar coppery cast enlivened her brown eyes, and in a certain slant of light, her angry glare could flash as red as blood..Already, the girl had taken Barty's hand. The two kids descended from the porch into the rain. They didn't circle the oak, but stopped at the foot of the steps and turned to face the house..face with one hand, as if pulling off cobwebs. "Did you say you were in my house?".Later in the month, from Sparky Vox, Junior learned the building had a four-pipe, fan-coil heating system serving discrete ductwork for each apartment. Voices couldn't carry from residence to residence in the heating-cooling system, because no apartments shared ducting. Throughout the spring, summer, and autumn of 1967, Junior met new women, bedded a few, and had no doubt that each of his conquests experienced with him something she had never known before. Yet he still suffered from an emptiness in the heart..All right, yes, it had tiny hands and tiny feet, rather than hooked talons and cloven.At the end of the famous sermon, Celestina's father had wished to all well-meaning people that into their lives should fall a rain of benign effects from the kind and selfless actions of countless Bartholomews whom they would never meet. And he assures those who are selfish or envious or lacking in compassion, or who in fact commit acts of great evil, that their deeds will return to them, magnified beyond imagining, for they are at war with the purpose of life. If the spirit of Bartholomew cannot enter their hearts and change them, then it will find them and mete out the terrible judgment they deserve..Casey and Tutti, her sister Skipper, and dreamboat Ken-and soon the girls had Barty enthusiastically involved in a make-believe world far different from the one in which Heinlein's teenage lead owned an extraordinary alien pet with eight legs, the temperament of a kitten, and an appetite for everything from grizzly bears to Buicks..He already had the pistol he had taken from Frieda Bliss's collection, but it

didn't come with a sound-suppressor. He was preparing for all contingencies. Focus..Using this apartment as a base, Nolly and Kathleen had conducted some of the small skirmishes in the first phase of the war, including the ghost serenades. They left the place tidy. Indeed, the only sign that they had ever been here was a packet of dental floss left behind on the sill of a living-room window..As the unwanted change pinged against the concrete at his feet, Junior-snap, snap-saw the source of the next two rounds. They spat out of the vertical pay slot on a newspaper-vending machine; one hit his nose, and the other rang off his teeth..This wasn't thrill killing-which, now that he'd had time to think about it, he realized was beneath him, even if in the service of personal growth. This would be murder for good, justifiable cause.."I know Edom and Jacob have been a burden," said Vinnie, "you having to be responsible for them-".The lawyer's eyes appeared as round as his face. "Aggie, please don't tell me you've started to share Jacob's ... enthusiasms? ".He slipped behind the door and raised the pewter candlestick over his head. Weighing perhaps five pounds, the object made a formidable bludgeon, almost as good as a hammer..Whether the cop was unhinged or not, Junior had nothing to gain by talking to him, especially in this disorienting darkness. He was exhausted, achy, with a sore throat, and he couldn't trust himself to be as..When the two vertical panes of the casement window were still less than seven inches apart, they stuttered. The mechanism produced a dismal grinding rasp that sounded like a guttural pronunciation of the problem itself, c-c-c-corrosion, and seized up..Golden lamplight gilded the front windows downstairs. He would sit with Victoria on the living-room sofa, sipping wine as they got to know each other. She might tell him to call her Vicky, and maybe he'd ask her to call him Eenie, the affectionate name Naomi had given him when he wouldn't tolerate Enoch. Soon, they would be necking like two crazy kids. Junior would disrobe her on the sofa, caressing her smooth pliant body, her skin buttery in the lamplight, and then he would carry her, naked, to the dark bedroom upstairs..Lowering his surgical mask, Dr. Lipscomb approached Celestina, where she stood with her back pressed to the wall..he wasn't wholly without feeling, of course. A poignant current of sadness eddied in his heart, a sadness at the thought of the love and the happiness that he and the nurse might have known together. But it was her choice, after all, to play the tease and to deal with him so cruelly..The wink startled and baffled Edom. Oddly, he thought of the mysterious, disembodied, and eternally unwinking eye in the floating pinnacle of the pyramid that was on the back of any one-dollar bill..Although she was aware that these extraordinary events would shape the rest of her life, beginning with her actions in the hours immediately ahead of her, she could not clearly see what she ought to do next. At the core of her confusion was a conflict of mind and heart, reason and faith, but also a battle between desire and duty. Until she was..At many houses, strings of Christmas lights painted patterns of color at the eaves, around the window frames, and along the porch railings-all so blurred by fog that Junior seemed to be moving through a dreamscape with Japanese lanterns..From her reading, she knew that amniotic fluid should be clear. A few traces of blood in it should not necessarily be alarming, but here were more than traces. Here were thick red-black streams..As kinky and thrilling as it had been to make love to the girl while playing the recorded rough draft of a new sermon that she had been transcribing for her father, Junior could now recall nothing of what the reverend had said, only the tone and the timbre of his voice. Whether instinct, nervous irritation, or merely the sherry should be blamed, he was troubled by the thought that there was something significant about the content of that tape..Beautiful she was, both of face and form, even with her mouth gaping wide and her eyes rolled back in her skull. How bright her future might have been if she had not chosen to deceive. A tease was, in essence, a deceiver-promising what she never intended to deliver.."Besides, I still live by my vows as much as possible, though I've had the longest continuing dispensation on record." A smile on that cracked countenance could be touching, but an ironic look now worked less well; it gave Kathleen a chill. "Vanity is a sin I've more easily been able to avoid than some others.".Indeed, even the distinct fragrance of pulp paper, yellow with age, was alone sufficient to start him fantasizing.."For the love of God," Junior pleaded, "can't you please give me something for the pain?".Kitchen to dining room, dining room to hallway, keeping his back to the wall, easing quickly along, then into the foyer. Wait here, listening..Yet his heart slammed hard and heavy against his confining ribs, and fear stippled the nape of his neck..Fathoms of silence flooded the line. Still, she listened. He sensed her there, though as if at a great depth..If there had been footsteps, they had fallen silent the moment Junior froze to listen for them. Even over the hard drumming of his heart, he would have heard any noise. The pillowy fog seemed to smother sound in the alleyway more effectively than ever..Two things about him were remarkable, beginning with his face. His head was wrapped with white gauze bandages, so he looked like Claude Rains in *The Invisible Man* or like Humphrey Bogart in that movie about the escaped convict who has plastic surgery to foil the police and to start a new life with Lauren Bacall. Blond hair sprouted from the top of the elaborate wrappings. Otherwise, only his eyes, his nostrils, and his lips were uncovered..Now, if Victoria reported to Vanadium that Junior had shown up at her door with a red rose and a bottle of Merlot and with romance on his mind, the demented detective would be on his ass again for sure. Vanadium might think that the nurse had misinterpreted the business with the ice spoon, but the intent in this instance would be unmistakable, and the crusading cop-the holy fool-would never give up..Celestina stared at the small, brown face, opening herself to the anger and hatred with which she had regarded this child in the operating room..Koko changed directions with a fantastic pivot turn and bounded after the girl..What might have become a waiting game of epic duration was ended when the door to the room swung inward, and a doctor in a white lab coat entered from the corridor. He was backlit by fluorescent glare, his face in shadow, like a figure in a dream..He heard her explain that the title of the exhibition had been inspired by one of her father's sermons, which aired on a nationally syndicated weekly radio program more than three years ago. This wasn't a religious program, per se, but rather one concerned with a search for meaning in life; it usually broadcast interviews with contemporary philosophers as well as speeches by them, but from time to time featured a clergyman. Her father's sermon received the greatest response from

listeners of anything aired on the program in twenty years, and three weeks later, it was rerun by popular demand..Although she had slept well and though her hemorrhaging had been successfully arrested, Agnes was too weak to manage breakfast alone. A simple spoon was as heavy and as unwieldy as a shovel..From the door to the sink, nervously fishing a plastic pharmacy bottle out of a coat pocket, Junior counseled himself to remain calm. Slow deep breaths. What's done is done. Live in the future. Act, don't react. Focus. Look for the bright side..Then from San Francisco International, through the fog-shrouded streets of the night city, to St. Mary's, to Room 724. And to the discovery that Phimie's blood pressure was so high-210 over 126-that she was in a hypertensive crisis, at risk of a stroke, renal failure, and other life-threatening complications..All the way back to the ridge, sitting up front beside a county deputy in a police cruiser, with an ambulance and other patrol cars racing close behind them, Junior had shaken uncontrollably. When he tried to respond to the officer's questions, his uncharacteristically thin voice cracked more often than not, and he was able to croak only, "Jesus, dear Jesus," over and over..Indeed, Junior suspected that they might be here at Vanadium's urging. The cop would be interested in determining how avaricious the mourning husband would prove to be when presented with the opportunity to turn his wife's cold flesh into cash..Nolly sighed. "Well, I guess if you were going to just plug him, you could've done that already, soon as you got to town..".Four blocks from his office, on a street more upscale than his own, Nolly came to the Tollman Building. Built in the 1930s, it had an Art Deco flair. The public areas featured travertine floors, and a WPA-ers mural extolling the machine age brightened a lobby wall..Junior hadn't suffered a paranormal experience since the early- morning hours of October 18, when he'd drifted up from a vile dream of worms and beetles to hear the ghostly singer's faint a cappella serenade. Shouting at her to shut up, he had awakened neighbors..With effort, she managed to say, "I'm sorry, sweetie," but her voice was sufficiently distorted by anguish that even to herself, she sounded like a stranger..She switched off the hall light and stood at the half-open door, listening, waiting..A door slammed, and after the briefest of internal debates about whether to ize or act, Junior left Ichabod straddling the threshold. He must get to Celestina before she reached a telephone, and then he could come back and finish moving the body..Thursday evening, his third in the hotel, he returned to the lounge for cocktails and another steak. The same tuxedoed pianist provided the entertainment..In spite of the thousands of hours that Paul was afoot, he seldom thought about why he walked. He met people along the way who asked, and he had answers for them, but he never knew if any answer might be the truth.
