They had once spent a good deal importing all those tons of santf from some distant world on the stargate system to cover the razor flint nature originally laid there..Crawford and Lang hung around as the scientists looked things over. They were not anxious to get back to the task that had occupied them for the last two weeks: that of bringing the Podkayne to a horizontal position without wrecking her. The ship had been rigged with stabilizing cables soon after landing, and provision had been made in the plans to lay the ship on its side in the event of a really big windstorm. But the plans had envisioned a work force of twenty, working all day with a maze of pulleys and gears. It was slow work and could not be rushed. If the ship were to tumble and lose pressure, they didn't have a prayer.."I know that" Stella reads the title: Receptacle. "Isn't that the-". "About a day," Crawford said. It was impossible for Barry, sitting so nearby and having no one to talk to himself, to avoid eavesdropping on their conversation, which concerned (no doubt as a rebuke to his ignorance) Ireina Khokolovna's latest superb release from Deutsche Grammophon. She was at her best in Schumann, her Wolf was comme ci, comme fa. Even so, Khokolovna's Wolf was miles ahead of Adriana Motta's, or even Gwyneth Batterham's, who, for all her real intelligence, was developing a distinct wobble in her upper register. Detweiler. Your clone is not you. Your clone is your twin brother (or sister) and is no more you than your ordinary identical twin would be. Your clone does not have your consciousness, and if you die, you are dead. You do not live on in your clone. Once that is understood, I suspect that much of the interest in clones will disappear. The game started out like a Marx Brothers routine. Lorraine and Johnny acted like two canaries playing Scrabble with the cat, but Detweiler was so normal and unconcerned they soon settled down. Conversation was tense and ragged at first until Lorraine got off on her "career" and kept us entertained and laughing. She had known a lot of famous people and was a fountain of anecdotes, most of them funny and libelous. Detweiler proved quickly to be the best player, but Johnny, to my surprise, was no slouch. Lorraine played dismally but she didn't seem to mind. She was almost drowned out by a rising tide of babble at the door. I looked around to see the group from the street pouring into the cafe in loud and animated conversation with each other. One of them, a tall lithe man with hair, eye shadow, and fingernails striped fuchsia and lavender, broke off from the group and headed toward us with a grin. "Those who lead, lead," he said, simply. She looked around, and Song and Ralston were nodding sympathetically. Relieved to see that she was not the only one feeling the oppression, she went on, more strongly. "I think if I go another day like yesterday and the day before? and today? I'll end up screaming. It seems so pointless, collecting all that information, for what?" Late in February he bought a house and an electronics dealership in a small town in the Adirondacks. "I've tried living with you," Amanda said, "but it doesn't work.
