

VOELKERFUHRER UND VERFUHRER

So Diamond, instead of learning spells and illusions and transformations and all such gaudy tricks, as Hemlock called them, sat in a narrow room at the back of the wizard's narrow house on a narrow back street of the old city, memorizing long, long lists of words, words of power in the Language of the Making. Plants and parts of plants and animals and parts of animals and islands and parts of islands, parts of ships, parts of the human body. The words never made sense, never made sentences, only lists. Long, long lists.. "It does not know death," he said, but he spoke in his own language, and they did not understand him. He drew closer to Irian. He felt the warmth of her body. She stood staring, in that animal silence, as if she did not understand any of them.. excitement. "We'll go ashore in the morning," he repeated to her, and she nodded, acceptant.. she slid down in his arms. He tried to keep her head at least from the mud of the track. Her limbs. The slave stood by, motionless. All the people who worked in the heat and fumes of the roaster tower were naked or wore only breechclout and moccasins. Otter glanced again at the slave, thinking by his height he was a child, and then saw the small breasts. It was a woman. She was bald. Her joints were swollen knobs in her bone-thin limbs. She looked up once at Otter, moving her eyes only. She spat into the fire, wiped her sore mouth with her hand, and stood motionless again.. The staff swayed, was still, shivered again.. child, and she has no name. So then you wait. You open your mind up, like. Like opening the doors. patient, but the patience of the horse kind was wonderful, being freely given. Dogs were loyal.. "It's dangerous," Crow said, "it's pointless," but he made no further objection. The modest, naive young man whom he had taught to read had become his unfathomable guide.. For Golden looked on the Art Magic with genuine humility as something quite beyond him -- not a mere toy, such as music or tale-telling, but a practical business, which his business could never quite equal. And he was, though he wouldn't have put it that way, afraid of wizards. A bit contemptuous of sorcerers, with their sleights and illusions and gibble-gabble, but afraid of wizards.. heart. He saw through her eyes. Her. Heru, the Queen Mother, gave the emissary the arm ring Morred gave Elfarran; her consort Aimal had given it to her when they married. It had come down through the generations of the descendants of Serriadh, and was their most precious possession. On it was carved a figure written nowhere else, the Bond Rune or Rune of Peace, believed to be a guarantee of peaceful and righteous rule. "Let the Kargish king wear Morred's ring," the Queen Mother said. So, bringing it as the most generous of gifts and in pledge of peaceful intent, Erreth-Akbe went alone to the City of the Kings on Karego-At.. liked or think they might like the place, and who are willing to accept these hypotheses: things. The big, white-haired man, Kurremkarmerruk the Namer, was standing just down the path. He had not been standing there until the other mage said 'Ah.' Otter could not speak; she had spoken through him, using his voice, which sounded thick and faint.. ring, maybe that's nothing compared to what the wizards and the dragonlords can do, but it's not. "My place, then. It isn't worth taking a gleeder. It's nearby." They walked past the roaster tower, past the old shaft and the new one, on into the long valley where Otter had taken Licky the first day he was there. It was late autumn now. The shrubs and scrubby grass that had been green that day were dun and dry, and the wind rattled the last leaves on the bushes. To their left a little stream ran low among willow thickets. Mild sunlight and long shadows streaked the hillsides.. Myself in a mirror. I opened the door wider. Porcelain, silver pipes, nickel. Toilets.. PEOPLE. He spoke, giving her his true name: "I am Medra." "What are you?" he said to her at last.. "They'll use a sorcerer and then ill-mouth him for his usefulness," she said. "It's not just." She came to the door and muttered some kind of greeting. They daunted her, these Masters of Roke, and also their presence meant that the peaceful time was over, the days of walking in the silent summer forest with the Patterner. That had come to an end last night. She knew it, but she did not want to know it. Azver went quickly to where Irian lay beside the stream, and the others followed him. She roused up and got to her feet, looking dull and dazed. They were standing around her, a kind of guard, when the group of thirty or more men came past the little house and approached them. They were mostly older students; there were five or six wizard's staffs among the crowd, and the Master Windkey led them. The pain came and went, the darkness remained. Once it lightened a little into a twilight in which he could dimly see. He saw a slope running down from where he lay towards a wall of stones, across which was darkness again. But he could not get up to walk to the wall, and presently the pain came back very sharp in his arm and hip and head. Then the darkness came around him, and then nothing. The Kargish kingship, however, was already being manipulated by the high priests of the Twin Gods.
