

WAYS OF RE THINKING LITERATURE

Driscoll tapped into the finger panel of the compack, and from a spike pushed into the ground, ultrasonic vibrations spread outward through the soil, carrying the call sign of the Laser Cannon Post. "LCP reading," a muted voice acknowledged from the compack.. "He's in the glen." the science fiction and fantasy genres; it's surprising how few people know there are two (or more).It took perseverance, alertness, and a willingness to break the rules to watch the sunrise in Tharsis Canyon. Matthew Crawford shivered in the dark, his suit heater turned to emergency setting, his eyes trained toward the east. He knew he had to be watchful. Yesterday he had missed it entirely, snatched away from him in the middle of a long, unavoidable yawn. His jaw muscles stretched, but he controlled it and kept his eyes firmly open..He came in quickly and bolted the door behind him. He didn't notice the open curtain. He glanced."I think I can answer that," McKUlian said. "These organisms barely scrape by in the best of times. The ones that have made it waste nothing. It stands to reason that any really ancient deposits of crude oil would have been exhausted in only a few of these cycles. So it must be that what we're thinking of as crude oil must be something a little different It has to be the remains of the last generation." .felt it sway lots of tunes, and I was no stranger to the wind..This is new territory," I answer. Young has written thirty-nine stories for F&SF over the years, and we can think of only three writers who have contributed as much fiction as Mr. Young (Poul Andersen, A warn Davidson, and Ron Goulart). A Robert Young story is always a pleasure because its high quality is as predictable as its subject matter is unpredictable. Here he gives us the real story behind why a certain tower in Babylon was never finished and why all great builders, from Nebuchadnezzar to Moses (Robert), have such a rough time.. "Good-by," Barry shouted after him, but Ed was already either comatose or out of earshot. "And.that," I said in what I intended to be a soothing voice. "You've never met her."The last tracks cut in. Colman stood on the gravel bank of the stream and watched as a bewildered major was led from the enemy bunker, followed by his numb staff, who joined the gaggle of disarmed defenders being herded together under the watchful eyes of smirking Third Platoon guards. The primary objective had been to take prisoners and obtain intelligence, and the crop had yielded two captains in addition to the major, a first and a second lieutenant, a chief warrant officer, a sergeant major, two sergeants, and over a dozen enlisted men. Moreover, the call-sign lists and maps had been seized intact, along with invaluable communications and weapons-control equipment. Not a bad haul at all, Colman reflected with satisfaction.. The thing sat hi the same place watching him. Detweiler came out of the bathroom and sat back on the couch. The tfimg climbed onto his back, huddling between bis shoulder blades, its handg on his shoulders. Detweiler stood up, the thing hanging onto hhn, retrieved the shut, and put it on. The acrimonious divorce of former Olympic runner Margot Randall and Senator Charles Christopher Gail had traumatically divided not only Amanda's childhood but her very psyche. Five years ago, when Margot Randall died hi a hovercraft accident and Amanda moved to Washington full-time, it emerged that for most of her childhood, Amanda Selene Gail had been two personalities, Amanda Gail and another calling herself Selene Randall. There was a distant snap!, barely audible above the wind. Then the hand withdrew, and the broken arrow fell back to earth and landed at the King's feet."Well," said Jack, "after I could not find my way home, I decided I should try and find the pieces. So I began to search. The first person I met was the thin grey man, and with him was his large black trunk in which, he said, was his nearest and dearest friend. He said if I would work for him and carry his trunk, he would pay me a great deal of money with which I could buy a ship and continue my search. He told me that he himself would very much like to see a woman worthy of a prince. 'Especially,' he said, 'such a colorful prince as you.'
